Blenheim Charles Spencer,2004 How two men brought about the defeat of Louis XIV s previously unbeaten army and saved Europe from French domination A Sunday Times Bestseller By the summer of 1704 Louis XIV s vast armies dominated Europe France defeated every alliance formed against her and Louis was poised to extend his frontier to the Rhine and install a French prince on the throne of Spain Two men saved Europe from French military domination the Duke of Marlborough and Prince Eugene of Savoy Marlborough masterminded a brilliant campaign working with Eugene to surprise the French

invaders inside Germany The rival armies clashed in August and the hitherto unbeaten French were utterly destroyed Blenheim was a major turning point in European history Charles Spencer s narrative is drawn from original sources and moves seamlessly from the deliberations of Kings and princes to the frontline soldiers This is the battle that creates the enduring reputation of the British redcoat and shatters the image of the Sun King and his mighty army *The Battle of Blenheim* Robert Southey,1798 Battle Of Blenheim, 1704, In The War Of The Spanish Succession André Geraque Kiffer,2024-05-02 The War of the Spanish Succession fought from July 1701 to September 1714 and triggered by the November 1700 death of Charles II of Spain was a conflict for control of the Spanish Empire between his heirs Philip of Anjou grandson of the French king Louis XIV and Archduke Charles of Austria August 13 1704 the battle of Blenheim occurred ahead of the town of H chst dt occupied by the Frankish Bavarian army hence the French name for the battle It was one of the battles that changed the course of the war which until then had favored the French and Spanish Bourbons In the battle simulation I will try to correct the flaws presented in the historical analysis testing improvements in the maneuvers And then we will prove which maneuver will prevail both being instructed with the best and maximum effort **Battle Story: Blenheim 1704** James Falkner,2014-09-01 Blenheim has gone down in history as one of the turning points of the War of the Spanish Succession and some would say in the history of conflict in Europe The overwhelming Allied victory ensured the safety of Vienna from the Franco Bavarian army thus preventing the collapse of the Grand Alliance Bavaria was knocked out of the war and Louis XIV s hopes for a quick victory came to an end France suffered over 30 000 casualties If you truly want to understand what happened and why read Battle Story *Decisive Battles of the World* Edward Sheperd Creasy,1899
