Island of Ghosts Gillian Bradshaw,1999-05-15 The Roman Empire sends a barbarian warrior to faraway Britain in this historical novel of love and survival in the ancient world A Sarmatian warrior prince Ariantes is uprooted from his home and thrust into the honorless lands of the Romans The victims of a wartime pact with the emperor Marcus Aurelius Ariantes and his troop are sent to watch over Hadrian's Wall Unsurprisingly the Sarmatians hate Britain an Island of Ghosts filled with pale faces stone walls and an uneasy past Struggling to command his own people to defend a land they despise Ariantes is accepted by all but trusted by none The Romans fear his barbarian background and his own men fear his gradual Roman assimilation When Ariantes uncovers a conspiracy sure to damage both his Roman benefactors and his beloved countrymen as well as put him and the woman he loves in grave danger he must make a difficult decision one that will change his own life forever

The Age of Justinian J. A. S.

Evans,2002-01-04 The Age of Justinian examines the reign of the great emperor Justinian 527-565 and his wife Theodora who advanced from the theatre to the throne The origins of the irrevocable split between East and West between the Byzantine and the Persian Empire are chronicled which continue up to the present day The book looks at the social structure of sixth century Byzantium and the neighbours that surrounded the empire It also deals with Justinian's wars which restored Italy Africa and a part of Spain to the empire

**Who in the World Was The Acrobatic Empress?** Robin Phillips,2006-04-26 Discover the intriguing story of Empress Theodora in this junior level biography from Peace Hill Press The Emperor Justinian could not decide what to do His people were rioting An angry mob poured through the streets looting setting fires and destroying houses and taverns If they reached the palace they might kill him Justinian's trusted advisers pressed him to run to the port and sail away giving up his throne to save his life He turned and looked at his wife the wisest person in the room What would she the Empress Theodora urge him to do Outstanding illustrations from Jeff West complement the fabulous story giving second grade readers insight into the life

of this 6th century ruler About the series The classical curriculum introduces even the youngest student to the pleasures of true learning Elementary students learn history not through predigested textbooks with multiple choice answers but through reading the stories of history Unfortunately biographies of great men and women of the past are almost all written for older students limiting the ability of young students to explore history through reading Libraries are crammed with biographies written for high school students and adults while beginning readers are provided with a shelf full of junior level books about football players NASCAR drivers and movie stars Now Peace Hill Press puts real history back into the grasp of the youngest historians with the Who in the World Biography Series The first entries in the series provide young readers and their parents and teachers with biographies of great men and women of the Middle Ages Designed to be used as part of The Story of the World curriculum these biographies give beginning historians in grades 2 4 a chance to explore beyond the textbook An audio version is also available separately
