The Beatles Allen J. Wiener, 1986 With several other discographies available on the group it is inevitable that this volume contains much duplication Its premise is to list in sequence information on every Beatles recording arranged in seven different chronologies The first of these a 306 page overview is a virtual day by day calendar pinpointing recording sessions concert and TV appearances interviews and personal facts Other chronologies treat U S and U K recording release dates and are divided by specialties etc these essentially replicate the overview Indexing is

thorough but contains errors and is not amenable to quick reference Although less expensive Wiener's work cannot match the comprehensiveness of Harry Castleman and Walter P.
