one of the most prolific popular music composers of the late 20th century During his tenure with the Beatles he caught the wave of 1960s pop culture and began channeling its pervasive influence through his music Often described as The Invisible Singer his solo recordings reveal him to be an elusive yet essential element in the Beatles sound The discussion of George Harrison's Beatle tracks featured in the text employs a Songscape approach that blends accessible music analysis with an exploration of the virtual space created on the sound recording This approach is then used to explore Harrison's extensive catalog of solo works which due to their varied cultural sources seem increasingly like early examples of Global Pop In that sense the music of George Harrison may ultimately be viewed as an important locus for pan cultural influence in the 20th century making this book essential reading for those interested in the history of songwriting and recording as well as the cultural study of popular music

**Help the Beatles , The Bootleg Guide**

Garry Freeman, 2003-07-14 The Bootleg Guide is the ultimate in reference works for the 1960s and the 1970s bootleg recordings Within these pages lies a history of rock at its best as performed on stage or in the studio Each entry is catalogued by title date featured tracks and contains a quality rating and comments on the nature and origin of the recording Cross references

are provided to other titles and extensive information is available on alternate titles of bootlegs In many cases quirky facts about a particular title are given something that in itself may make a title a highly desirable and sought after rarity amongst collectors Limited editions are listed to help the reader and collector develop a clearer picture of just how obtainable a bootleg may be Bootlegs are unofficial live and studio recordings of artists and bands that are released onto vinyl tape or CD By definition most are so rare that they change hands only for vastly inflated sums or are traded by networks of dedicated collectors worldwide Serious fans and collectors have been known to spend as much as 225 for an original scratchy vinyl recording of bands like Deep Purple and the Grateful Dead dating back to the early seventies The rarest of all are akin to valuable paintings as far as collectors and traders are concerned    Beatles-Guide Hamburg Ulf Krüger,2001    **Absolute Beginner's Guide to iPod and iTunes** Brad Miser,2006 Absolute Beginner's Guide to iPod and iTunes Second Edition teaches you how to take your music digital with the amazing iPod and its companion software iTunes    **Beatles Worldwide** Christoph Maus,2004    *The Beatles' Story on Capitol Records* ,2000    **The Official Price Guide to Records** ,2007    **PRICE GUIDE TO RECORDS.** JERRY.
