Revolver Robert Rodriguez,2012-04-01 Acquired wisdom has always put Sgt Pepper at the head of the class but it was Revolver that truly signaled The Beatles sea change from a functional band to a studio based ensemble These changes began before Rubber Soul but came to fruition on Revolver which took an astonishing 300 hours to produce far more than any rock record before it The making of Revolver hunkered down in Abbey Road with George Martin is in itself a great Beatles story but would be nothing if the results weren t so impactful More than even Sgt Pepper and Pet Sounds Revolver fed directly into the rock n roll zeitgeist and its influence could be heard everywhere from the psychedelic San Francisco sound Jefferson Airplane Grateful Dead to the first wave of post blues hard rock Sabbath Zeppelin through movie soundtracks and pretty much everything that followed it including every generation of guitar based pop music and even heavy metal More than any record before or after Revolver was the game changer and this is finally the detailed telling of its storied recording and enormous impact Winner of the 2013 ARSC Award for Best Research in Recorded Rock Music Best History **Every Sound There Is** Russell J. Reising,2017-12-15 This title was first published in 2002 Ranked number one in Q magazine s June 2000 survey of the 100 Greatest British Albums Ever Revolver is widely regarded as The Beatles most innovative and daring album The essays in this book assess the band s accomplishment in their 1966 masterpiece from a variety of perspectives from their use of harmonies and accidentals to the technological and marketing significance of the album s recording and distribution and its influence on the development of rock music *Every Sound There is* Russell J Reising,2017 This title was first published in 2002 Ranked number one in Q magazine s June 2000 survey of the 100 Greatest British Albums Ever Revolver is

widely regarded as The Beatles most innovative and daring album The essays in this book assess the band s accomplishment in their 1966 masterpiece from a variety of perspectives from their use of harmonies and accidentals to the technological and marketing significance of the album s recording and distribution and its influence on the development of rock music Provided by publisher **Abracadabra** Ray Newman,2008-07-01 Proper Beatles fans will tell you that Revolver is their finest hour This title takes a comprehensive look at the background recording sessions and subsequent influence of this seminal album Full of facts figures stats quotes and information which no Beatles fan can do without **Every Sound There is** Russell Reising,2002 *The Beatles* Bob Spitz,2017-06-22 1 juni 2017 is het vijftig jaar geleden dat het iconische legendarische album Sgt Pepper s Lonely Hearts Club Band verscheen een plaat die in de ogen van velen de pop en de rockmuziek voorgoed verhiel tot een volwassen en invloedrijke kunstvorm met een geheel eigen bestaansrecht Een goede aanleiding om de prachtige en meeslepende biografie van Bob Spitz uit 2005 opnieuw het licht te doen zien Deze biografie is met 1088 pagina s en twee fotokaternen niet te dun en niet te dik niet te partijdig en niet te wetenschappelijk Hij is precies goed n het is een ware pageturner Nu in een aantrekkelijke omplakte band Dus jij denkt dat je The Beatles kent Mooi niet als je tenminste niet deze maniakaal voortstuwende hartslagverhogende groepsbiografie hebt gelezen Niet alleen ontsluit Bob Spitz alle raadsels en rekent hij af met roddels hij slaat je met stomheid iets wat alleen de allerbeste biografie n voor elkaar krijgen Neal Gabler bekend Amerikaans publicist en cultuurcriticus Een knappe uitgebreide gedetailleerde goed gedocumenteerde biografie over The Beatles Jos Bloemkolk Het Parool Pakkend geschreven en met heel veel informatie je kunt in feite geen alinea overslaan Wie het in n adem uitleest is na afloop volkomen verbeatled Matthijs Smits Het Financieel Dagblad Bob Spitz schitterend geschreven kroniek blaast nieuw leven in het bekende verhaal The New York Times The Rock Canon Carys Wyn Jones,2008 The canon is usually considered to be an inherently elitist concept However Carys Wyn Jones here explores the symptomatic reflections of canonical values terms and mechanisms from the canons of literature and classical music in the reception of rock music She concludes that in the popular reception of rock music we are not only trying to organize the past but also mediate the present and any canon of rock music must now negotiate a far more pluralized culture and possibly accept a greater degree of change than has been evident in the canons of literature and classical music in the last two centuries The Beatles - Revolver Beatles,1993 Guitar Recorded Versions At last transcriptions to this landmark album including the songs Eleanor Rigby Good Day Sunshine Got to Get You into My Life Taxman Yellow Submarine and more **The Beatles Through Headphones** Ted Montgomery,2022-03-07 This book delves into the aural splendor of the Beatles discography breaking down each song and taking a close look at how the group s music sounds through headphones rather than external speakers Mistakes studio chatter secret meanings and other audio esoterica are all identified and discussed Thousands of books have been written about the Beatles music but this is the first to look at their discography through the prism of headphones which yield a unique artistic listening experience The author argues that

the Beatles should be heard through headphones to appreciate the real depth of their musical creativity and to fully understand the timeless songs that remain influential to this day The Beatles , **The Cambridge Companion to the Beatles** Kenneth Womack,2009-11-12 From Please Please Me to Abbey Road the fascinating story of the Fab Four s creation works and enduring musical legacy Capsule Overviews of Favorite Albums Martin Winfree,2025-02-12 The hundreds of albums that I salvaged from Hurricane Katrina are gradually being passed along to a friend and the paragraphs that I gave him along with the first 399 LPs provide the genesis for Capsule Overviews of Favorite Albums I have written the stories behind the albums and the recording artists along with commentary on particular songs and other works by the same recording artists My goal is to flesh out information on the greatest music ever recorded particularly for younger people who didn t grow up with these records While not comprehensive the sections in the book give a good overview of the rock music scene over the past half century or so along with musicians in other genres that appeal to me **The Beatles Rubber Soul to Revolver** Bruce Spizer,2022-10-10 The Beatles Rubber Soul to Revolver is the latest installment in Bruce Spizer s Beatles Album Series As the title implies the book covers two of the Beatles most important albums Rubber Soul and Revolver as well as Capitol s Yesterday And Today LP and the singles associated with these albums including Day Tripper We Can Work It Out Nowhere Man Paperback Writer Yellow Submarine and Eleanor Rigby Rubber Soul and Revolver set new standards for pop and rock records and presented a maturing and evolving Beatles to the world As Beatles producer George Martin noted For the first time we began to think of albums as art on their own as complete entities This is not to take anything away from the quality of the songs themselves The 16 tracks recorded during the Rubber Soul sessions are among the group s finest with half being included on The Beatles 1962 1966 hits collection With Revolver the Beatles were looking for more color in their recordings trying new instruments and techniques But they were not using studio wizardry to cover weaknesses they were looking for new sounds to enhance their already brilliant songs In addition to the usual chapters on the British American and Canadian perspectives the book contains an extensive treatment on the infamous Butcher Cover and its replacement Trunk Cover featuring all of the significant images from the photo sessions and the true story behind the controversial cover There are also chapters on the recording sessions and album covers as well as on the news music and films of the era to place these albums in their proper context And of course dozens of recollections of these great records submitted by Beatles fans The Beatles Rubber Soul to Revolver is a 9 x 9 hardcover book to match the other books in Bruce Spizer s Beatles Album Series At 240 pages it is the largest book in the series and contains over 200 color and original black and white images **The Beatles Complete Discography** Jeff P. The Beatles as Musicians : Revolver through the Anthology Walter Everett Associate Professor of Music in Music Theory University of Michigan,1999-03-31 Given the phenomenal fame and commercial success that the Beatles knew for the entire course of their familiar career their music per se has received surprisingly little detailed attention Not all of their cultural influence can be traced to long hair and flashy clothing the Beatles had numerous fresh ideas about melody harmony counterpoint rhythm form colors and textures Or consider how much new ground was broken by their lyrics alone both the themes and imagery of the Beatles poetry are key parts of what made and still makes this group so important so popular and so imitated This book is a comprehensive chronological study of every aspect of the Fab Four s musical life including full examinations of composition performance practice recording and historical context during their transcendent late period 1966 1970 Rich authoritative interpretations are interwoven through a documentary study of many thousands of audio print and other sources

Birth of an Icon REVOLVER 50 Klaus Voormann,Christina Voormann,2017-03-24 Half a century after *Revolver* exploded onto the pop scene the artist behind the album cover presents his side of the Beatles story The narrative is presented through a striking mixture of words and black and white graphics It is good for me to see the other side of a story I know so well and to realize aspects like the sheer panic that Klaus must have felt Paul McCartney The monochrome pop art style of the *Revolver* album has become an integral part of the Beatles brand In this book the artist behind the cover reveals the source of his inspiration as well as the tale of how this cover grew from a sketch made on a kitchen table in an attic flat into one of the most iconic pieces of cover art in history

The Beatles William Mckeen,1989-12-11 A reference tracing the Beatles career The first part contains a biographical essay chapters on the group s work and their influence on pop culture and a summary

of what happened to each after dissolution of the group in 1970 The second part includes a discography bibliography and a list of concerts television appearances and film performances The final chapter is a chronology of events from 1940 1970
