**The Beheading Game** Brenda S. Webster, 2006 Flamboyant New York theatre director Ren is passionately in love with Jack a younger man who is still under the thumb of his conservative CEO father Malcolm Jack s differences with his father range from the fact that Jack is still in the closet regarding his sexuality to having to endure his father s platitudes about self improvement and his contempt for Ren The fact that his father s oil company is dumping toxic waste into the Hudson River doesn t help since cleaning up the river is one of Jack s missions in life Tensions mount when Jack becomes critically ill with lymphoma and has to undergo a bone marrow transplant which will either cure him or kill him At the same time that Ren is tending to Jack in the hospital he is busy staging his version of Gawain and the Green Knight His struggles with Malcolm over Jack s love lead Ren to question the values of the medieval story especially the blind loyalty of the young vassal to his lord and he ends by inverting these feudal values in a wild cross gendered sail against the currents of History Behind this shift in dramaturgy is Ren s gradual realization that the battles that count for him as a modern loving man are fought by changing bedpans and bandages not waving lances and swords Life and theatre become intertwined as Ren increasingly lives his life as drama enacting ever more baroque and occasionally risky fantasies of revenge and Love s riumph Beyond the ambiguities of gender and sexual orientation The Beheading Game finds that the issues of love and death honesty and loyalty are the same for all of us Publisher s website

Bassman, 2021-04-30 Sir Carados a handsome and powerful young knight of King Arthur s court has spent his life effortlessly progressing from triumph to triumph until the day he foolishly accepts a challenge from a mysterious giant who has barged into Camelot s Christmas celebration to deliver an

axe blow to the giant s head now and then meekly submit to the giant s return blow in exactly one year But when Carados watches the decapitated giant stand back up after being struck with an axe and mount its severed head back on its body he knows he is doomed to die in a year s time and must undergo a series of adventures to test whether he will have the strength and courage to keep his oath to submit to the reciprocal blow But unlike Sir Gawain in the famous poem about his encounter with the Green Knight it is far from clear that Carados will maintain his honor and resist the temptation to flee from his impending fate As he struggles with the sudden futility of his soon to be cut short life Carados slides into greater depths of violence and cruelty

**The Knight on His Quest** Piotr Sadowski,1996 This book offers an integrated interpretative analysis of the major thematic aspects of the English fourteenth century romance Sir Gawain and the Green Knight The chief aim of author Piotr Sadowski is to look at the contents of the narrative in their entirety and to take full advantage of the poem s exceptional and widely praised harmony of structure and design Within that design Sadowski focuses on the poem s presentation of the main protagonist and his adventures seen first of all as a generalized metaphor of the human life understood as a spiritual quest and in a more historical sense as an expression and critique of certain ideals values and anxieties that characterized the late medieval institutions of the court chivalry and the Church Sadowski built the interpretive framework of Sir Gawain from an eclectic theoretical base that he believes is most valuable and useful in approaching medieval literature The main focus of the study remains the literary text itself created by an author who communicates his view of the world through the poem
