The Bermuda Hundred Campaign Begins

On May 4, 1864, Maj. Gen. Benjamin F. Butler began to load 38,000 men of the Army of the James on transport ships at Newport News and Yorktown, Virginia. Their goal was a neck of land in Chesterfield County known as Bermuda Hundred. Butler was to land there, secure a base of operations and sever the rail link between Richmond and Petersburg. If practicable, he would advance on either Richmond or Petersburg. At the same time Lt. Gen. Ulysses S. Grant would move the Army of the Potomac across the Rapidan River and attempt to crush Gen. Robert E. Lee's Army of Northern Virginia.

On May 5th, Butler's troops seized Bermuda Hundred and City Point. After establishing a beachhead, Butler's troops advanced to this point and began to dig a line of defensive earthworks on May 6th. The 18th Corps established a line of works here with its left anchored on the Appomattox River and its right in the vicinity of Ware Bottom Church approximately two miles north of where you are standing. Remnants of these earthworks can be seen just inside the woodline in front of you. The 10th Corps then picked up the line at Ware Bottom Church and extended it north another mile to the James River.

Butler had successfully landed his men to the complete surprise of the Confederates and had established a defensive front. Meanwhile, Confederate commanders were trying to gather their scattered forces to counter this new threat. For a brief period of time the doors to Richmond and Petersburg were wide open.

The Bermuda Hundred Campaign:

The Bermuda Hundred Campaign Bruce R. Wells, 2011 The Bermuda Hundred Campaign will forever be associated with General Benjamin F Butler and for that reason alone it rarely receives its due Rotund cockeyed egotistical and hated in the South Butler nevertheless possessed a keen mind and the analytical powers for sound strategy His nearly forty thousand man Army of the James boarded transport ships at Yorktown Virginia in May 1864 destined for a neck of land just outside Richmond known as Bermuda Hundred In a series of battles over two weeks Butler s army met a much smaller Confederate force commanded by General P G T Beauregard Historian Bruce R Wells describes the Confederate attempts to prevent Butler from advancing on Richmond Book jacket *Back Door to Richmond* William Glenn Robertson, 1987 Drawing upon hundreds of sources including over sixty unpublished accounts *Back Door to Richmond* is the first book length study of the Bermuda Hundred Campaign As such it significantly modifies the standard interpretation of the campaign which held that the Federal effort was an abject failure caused almost entirely by the blundering of an incompetent Benjamin Butler who allowed his army to be bottled up by a smaller Confederate force Robertson shows that Butler s operations instead achieved a significant degree of success by gaining an important base disrupting Confederate supply lines for nearly two weeks and distracting 20 000 Confederate troops until late May Butler s inability to achieve more lofty goals must therefore be shared by Grant whose concept of the campaign remained confused throughout and by Butler s principal subordinates whose contentious behavior caused numerous tactical errors In sum *Back Door to Richmond* provides a new view of an important yet usually neglected or misunderstood Civil War campaign It represents a major reassessment of a crucial event in Benjamin Butler s military career and casts a new light on the generalship of Grant and Beauregard It also provides further evidence for the technological revolution sweeping nineteenth century military affairs Grant's Left Hook Sean Chick, 2018-09-19 Robert E Lee feared the day the Union army would return up the James River and invest the Confederate capital of Richmond In the spring of 1864 Ulysses Grant looking for a way to weaken Lee was about to exploit the Confederate commander s greatest fear and weakness After two years of futile offensives in Virginia the Union commander set the stage for a campaign that could decide the war Grant sent the 38 000 man Army of The James to Bermuda Hundred to threaten and possibly take Richmond or at least pin down troops that could reinforce Lee Jefferson Davis in desperate need of a capable commander turned to the Confederacy s first hero Pierre Gustave Toutant Beauregard Butler s 1862 occupation of New Orleans had infuriated the South but no one more than Beauregard a New Orleans native This campaign would be personal In the hot weeks of May 1864 Butler and Beauregard fought a series of skirmishes and battles to decide the fate of Richmond and Lee s army Historian Sean Michael Chick analyzes and explains the plans events and repercussions of the Bermuda Hundred Campaign in *Grant s Left Hook* The Bermuda Hundred Campaign May 5 June 7 1864 The book contains hundreds of photographs new maps and a fresh consideration of Grant s Virginia strategy and the generalship of Butler and Beauregard

The book is also filled with anecdotes and impressions from the rank and file who wore blue and gray [The Bermuda Hundred Campaign](#) Herbert Schiller,2004-01-01 The Bermuda Hundred Campaign of 1864 has finally been recognized as a pivotal event of the Civil War Had it been successfully executed the war would probably have ended a year earlier But undue cautiousness rivalries in high command and lack of troop coordination doomed it to failure The author etches his characters sharply discusses strategy and tactics with clarity and detail and analyzes objectively the successes and failures on both sides
