**The Architecture of Bergen County, New Jersey** T. Robins Brown, Schuyler Warmflash, 2000 The Architecture of Bergen County New Jersey presents an accessible overview of the county's architectural heritage and its historic structures. More than 150 photos document Bergen County's architectural treasures, generating awareness and appreciation for these structures and their history. The Architecture of Bergen County New Jersey demonstrates the close association between architectural development at the national and local levels and shows how social, technological, and political changes occurring within the county have been reflected in the building types and styles of the area. *The Best of Bergen* Marty Bergen, 2010-10-29
