The Castaway Heart:

The Castaway Heart Sandra Phillipson, 1979 **Castaway Hearts** Nancy Butler, 2004 Miss Lydia Peartree's afternoon cruise turns into a disaster and she has only the scruffy captain to count on. But when he turns out to be a disguised and handsome spy, a smitten Lydia wonders if she made too fast a judgment. Original Castaway Tales Christopher Palmer, 2016-05-10 A wide ranging and appreciative literary history of the castaway tale from Defoe to the present. Ever since Robinson Crusoe washed ashore the castaway story has survived and prospered, inspiring a multitude of writers of adventure fiction to imitate and adapt its mythic elements. In his brilliant critical study of this popular genre, Christopher Palmer traces the castaway tales' history and changes through periods of settlement, violence, and reconciliation, and across genres and languages. Showing how subsequent authors have parodied or inverted the castaway tale, Palmer concentrates on the period following H. G. Wells's *The Island of Dr. Moreau*. These much darker visions are seen in later novels including William Golding's *Lord of the Flies*, J. G. Ballard's *Concrete Island*, and Iain Banks's *The Wasp Factory*. In these and other variations, the castaway becomes a cannibal; the castaway's island is relocated to the center of London; female castaways mock the traditional masculinity of the original Crusoe or Friday; ceases to be a biddable servant. By the mid-twentieth century, the castaway tale has plunged into violence and madness, only to see it return in young adult novels such as Scott O. Dell's *Island of the Blue Dolphins* and Terry Pratchett's *Nation* to the buoyancy and optimism of the original. The result is a fascinating series of revisions of violence and pessimism, but also reconciliation. **Creatively Expanding the Premodern** Carole Levin, Marguerite A. Tassi, Christine Stewart-Núñez, Julia Griffin, 2025-10-27 This book highlights the stories of women from premodern history and literature through models of adaptations, retellings, and criticism, such as poems, plays, and essays. Reviving these voices from the background widens the appeal and accessibility of scholarship in the humanities. Creative composing processes draw research through the imagination and experience of the writer. This act can help explore qualities of historical events and literary figures that are still relevant today. The four authors of this book demonstrate these approaches through creative adaptations and responses to Biblical and Classical writings, Greek mythological figures, medieval narratives, powerful historical women, plays by Shakespeare, and works by other early modern English writers. What distinguishes this book from other scholarship on the premodern is its collaborative and interdisciplinary foundation, as well as its emphasis on literary and hybrid genres. Offering interdisciplinary ways of reading, thinking about, and reconceiving literature and scholarship in a way that invites dialogue and further creative responses, this volume provides humanities teachers with effective pedagogical tools to inspire deeper engagement and understanding in their students. A Victorian Anthology, 1837-1895 Edmund Clarence Stedman, 1895 **Strong Hearts** George Washington Cable, 1899 The prevailing theme in these three tales by George W. Cable is strength of spirit or strong hearts. The collection includes one of Cable's best-known stories, *The Solitary*, in which a man attempts to cure his alcoholism by marooning himself on a deserted island. **Heggie and Scheer's**
