More Than Meets the Eye Hanna Zacks, 2011-04-12 In the book *More than Meets the Eye* A Journey into the Mysteries of Psychic Phenomena I invite the reader to join me in a fascinating trip to the field known as parapsychology Parapsychology or psi phenomena are psychic events which do not lend themselves to regular explanation based on evidence provided by the senses they are said to be extrasensory These phenomena are telepathy clairvoyance psychokinesis and precognition Our communication is based ordinarily on hearing or reading the others words but in telepathic communication we are said to know the others thoughts directly without the mediation of the senses In clairvoyance known also as remote viewing we are said to see remote places without using the eyes In psychokinesis we are said to be able to bend push or break objects without touching them and in precognition we have direct glimpses of the future Are telepathy clairvoyance and other kinds of psychic phenomena real or are they figments of an overly active imagination And what about phenomena such as out of body experiences apparitions of dead people and reincarnation Are such phenomena real On the basis of my own experience of the experiences of people I had interviewed and of information I had gleaned from books by credible authors I reach certain interesting conclusions which I share with the reader *ETFRN News*, 1997
