The Chapman Report Irving Wallace, 1961 Irving Wallace John Leverence, 1974 This profile of Irving Wallace and his work includes more than 200 photographs and illustrations It recounts his Midwest Hollywood and European years his experiences during a lifetime of travel his adventures as a journalist in the Far East and Europe his embroilment in political and literary controversies his legal battles and many other facets of his extraordinary life **Space Regulation in Canada: Past, Present and Potential** Aram Daniel Kerkonian, 2021-03-24 Space is no longer the domain of national space agencies Today a significant majority of space activities are carried out by non governmental entities resulting in the accelerated evolution of space technologies and their applications This operational shift from public to private does not mean however that governments are no longer relevant in this era of New Space On the contrary as the operational role of the state has diminished its regulatory role has grown correspondingly Acknowledging that the commercial landscape in space is an ever changing one this book explores how the Canadian government has adapted to the new commercial space landscape and whether it is prepared to fulfil its authorisation and supervision responsibilities as the regulator of Canada s space industry The fundamental research question posed therefore is whether Canada s regulatory framework is appropriate given the increasing commercialisation of space To best answer this question the book provides a doctrinal analysis of Canada s historical space policy and current space laws an empirical survey of the perspectives of those currently interacting with Canada s regulatory framework and a comparative exploration of how other jurisdictions oversee commercial space activities Motivated by legal moral and economic considerations the book recommends that Canada enact a comprehensive national space law and provides an annotated draft law for this purpose By doing so the book intends to spark a meaningful conversation on how Canada ought to fulfil its regulatory responsibilities a topic previously unaddressed in public and academic discourse **American Sexual Character** Miriam G. Reumann, 2005-03-07 When Alfred Kinsey s massive studies Sexual Behavior in the Human Male and Sexual Behavior in the Human Female appeared in 1948 and 1953 their detailed data spurred an unprecedented public discussion of the nation s sexual practices and ideologies As they debated what behaviors were normal or average abnormal or deviant Cold War Americans also celebrated and scrutinized the state of their nation relating apparent changes in sexuality to shifts in its political structure economy and people American Sexual Character employs the studies and the myriad responses they evoked to examine national debates about sexuality gender and Americanness after World War II Focusing on the mutual construction of postwar ideas about national identity and sexual life this wide ranging shrewd and lively analysis explores the many uses to which these sex surveys were put at a time of extreme anxiety about sexual behavior and its effects on the nation Looking at real and perceived changes in masculinity female sexuality marriage and homosexuality Miriam G Reumann develops the notion of American sexual character sexual patterns and attitudes that were understood to be uniquely American and to reflect contemporary transformations in politics social life

gender roles and culture She considers how apparent shifts in sexual behavior shaped the nation's workplaces homes and families and how these might be linked to racial and class differences *What Price Hollywood?* Elyce Rae Helford, 2020-06-23 During the early Hollywood sound era studio director George Cukor produced nearly fifty films in as many years famously winning the Best Director Oscar at the 1964 Academy Awards for *My Fair Lady* His collaborations with so called difficult actresses such as Katharine Hepburn Judy Garland and Marilyn Monroe unsettled producers even as his ticket sales lined their pockets Fired from *Gone with the Wind* for giving Vivien Leigh more screen time than Clark Gable Cukor quickly earned a double sided reputation as a woman's director While the label celebrated his ability to help actresses deliver their best performances the epithet also branded the gay director as suitable only for work on female centered movies such as melodramas and romantic comedies Desperate for success after a failed drag film nearly ended his career Cukor swore to work within Hollywood's constraints Nevertheless *What Price Hollywood Gender and Sex in the Films of George Cukor* finds that Cukor continued to explore gender and sexuality on screen Drawing on a broad array of theoretical lenses Elyce Rae Helford examines how Cukor's award winning films titles including *My Fair Lady* and *The Philadelphia Story* as well as his lesser known films engage Hollywood masculinity and gender performativity through camp drag and mixed genres Blending biography with critical analysis of more than twenty five films *What Price Hollywood* tells the story of a once in a generation director who produced some of the best films in history *Defence and Discovery* Andrew B. Godefroy, 2011-04-01 The space race between the United States and the Soviet Union during the Cold War is well documented but few are aware that Canada too was an early contender in space exploration Indeed in 1962 Canada bested the more powerful United Kingdom to become the third nation to reach outer space *Defence and Discovery* presents the first comprehensive investigation into the origins development and impact of Canada's space program Through meticulous research including newly declassified material it demonstrates the central role of the military in Canada's early space research Moreover it reveals the technological political and strategic implications of the country's early innovation in space research technology and its subsequent turn from this arena A striking contribution to Canada's military and political history *Defence and Discovery* illuminates a significant yet understudied period in Canada's growth as a nation **The Chapman Report** R. & G.
