## **The Chinese Labor Movement:**

*The Chinese Labor Movement* Nym Wales, 1970      Marxist Intellectuals and the Chinese Labor Movement Daniel Y. K. Kwan, 1997 Deng Zhongxia the organizer and leader of the Guangzhou Hong Kong General Strike of 1925-26 was one of China's foremost labor activists Marxist Intellectuals and the Chinese Labor Movement is the first English language examination of Deng's career and thought It extends into a wider assessment of the relationship between the Chinese labor movement and the Chinese Communist revolution considering the conflicting interests of workers and Marxist intellectuals and the differences between local and national concerns      Shanghai on Strike Elizabeth J. Perry, 1993 This work is an important addition to the rather limited literature on the social history of China during the first half of the twentieth century It draws on abundant sources and studies which have appeared in the People's Republic of China since the early 1980s and which have not been systematically used in Western historiography China has undergone a series of fundamental political transformations from the 1911 Revolution that toppled the imperial system to the victory of the communists all of which were greatly affected by labor unrest This work places the politics of Chinese workers in comparative perspective and a remarkably comprehensive and nuanced picture of Chinese labor emerges from it based on a wealth of primary materials It joins the concerns of new labor history for workers culture and shopfloor conditions with a more conventional focus on strikes unions and political parties As a result the author is able to explore the linkage between social protest and state formation      **Historiography of the Chinese Labor Movement, 1895-1949** Ming K. Chan, Hoover Institution on War, Revolution, and Peace, 1981 Literature survey and bibliography on the history of the labour movement in China from 1895 to 1949 comments on labour legislation working conditions conflicts trade unionism etc ILO mentioned      **Facing Labor Issues in China** Chuan-hua Lowe, 1934      *Chu Hsueh-fan and the Chinese Labor Movement, 1926-1948* Richard David Comerford, 1972      The Chinese Labor Movement 1919 - 1927 Jean Chesneaux, 1968      **Notes on Labor Problems in Nationalist China** Israel Epstein, 1980      **The Chinese Labor Movement and the Chinese Revolution** Edward C. Yuan, 1949      **The Labor Movement in China** Shih Kan Sheldon Tso, 1928      **The Labor Movement in China** Ta Chen, 1927      *The Chinese Labor Movement* Helen Foster Snow, 1945      *The Chinese Labor Movement* Nym WALES (pseud.), 1945      **Fundamentals of the Chinese Labor Movement** Da Chen,      *Chinese Politics and Labor Movements* Jake Lin, 2019-07-03 This book brings a radically new voice to the debate in the field of Chinese politics and labor movement Using a psychological and cognitive approach the author examines workers and activists everyday interpretation of the source of their problems their prospect of labor movements and their sense of solidarity The project shows how workers themselves have become a part of the apparatus of state repression and argues that Chinese workers have not acquired sufficient cognitive strength to become the much hoped for agent for political change which hinders labor activism from developing into a sustainable social movement Multidisciplinary in its approach the monograph provides analysis of Chinese

politics labor studies international political economy social movements and contentious politics      **Labor and the Chinese Revolution** S.
