The Christian Adventure 5 Religion In Today's World:

The Encycloedia of Christianity, Vol. 5 Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Written by leading scholars from around the world the articles in this volume range from sin Sufism and terrorism to theology in the 19th and 20th centuries Vatican I and II and the virgin birth
Christian Faith in Our Time Paul Jersild, 2016-12-19 Jersild responds to a fundamental issue in the theology of the church what is the nature of our language in addressing the mysteries of our faith such as speaking of God or of the incarnation Advocating a modest theology in facing the mystery of God and acknowledging the impact of postmodern sensibilities he lifts up the metaphorical language of Jesus as the key to a responsible theology Jersild makes his case for a faith based imagination centering on the life death and resurrection of Jesus as God's man who brings a divine redemptive love to the human story Theology does not give us a line in the sand that divides the saved from the lost nor is it the truth that makes all other religions false This is a book for seekers as well as many church members who harbor questions and doubts about the church's theology

The Christian Experience Michael Keene, 1995 Written for use with new and existing GCSE syllabuses this is one of a series of three books which is also suitable for general RE and PSE courses at Key Stage 4 The book offers an understanding of contemporary Christianity through an examination of its development rites of passage ceremonies principal festivals and beliefs and attitudes to a range of personal social and global issues

The Vows of Religious Life in a Secular Society Judith A. Merkle, 2025-08-21 This book investigates religious vows shedding light on the type of faith that can sustain humanity in secular times It examines the personal impact of religious life as well as its potential to foster a sense of completeness within society at large Unbelief in today's society can be partially rooted in the shallowness of the sort of religion that the secular can abandon Such a religion characterized as magical shallow illusory or rooted solely in external rituals lacks the depth required to thrive in a secular society It fails to address the profound aspects of human existence the authentic freedom of the spirit and the enduring obedience of faith This study of religious vows uncovers their deeper meanings in light of these challenges It invites us to consider whether religious life despite contemporary criticisms can be seen as touching wholeness This book does not only delve into the theological foundations of these vows but also key areas which impact their understanding and living in new contexts It surveys sociological landscapes and goes beyond to encompass shifts in science psychology theology Religious life in this sense is part of the renewal of the church as well as an agent in it By focusing briefly on each vow Judith A Merkle illustrates how religious life serves as a bridge connecting the secular and the sacred It is a life focused on love of God and service of others which is a witness to the coming of Kingdom of God and values which truly matter in contemporary society
