The Christian Mindset In A Secular Society:

The Christian Mindset in a Secular Society Carl F. H. Henry, 1984-02-01 **The Christian Mindset in a Secular Society** Carl Ferdinand Howard Henry, 1984-01-01 Christian Theology for a Secular Society Mark G. McKim, 2008-01-01

It is hard to be the only one. That single sentence from a teenage congregant sums up the conviction that motivated *Christian Theology for a Secular Society*. In these dying days of Christendom, the reality that most Western Christians face is living out their faith as a minority in the midst of a culture that is at every level personal, institutional, and societal, secular in nature. While most living in Western societies still affirm belief in God and often other vaguely recognizable Christian beliefs, these affirmations frequently have little to do with how daily life is lived. The idea that the God best known to us in Jesus Christ is actually in charge of life is foreign. For most, Christianity simply does not form an overarching system of meaning that shapes life. Instead, life is lived largely without reference to God. And to live any other way is often hard. In this volume, Mark McKim sets out to do theology in this context. How does one explain the core historic Christian doctrines in a way that makes sense in a secular culture and in a way that will gain a hearing? What does it mean to be the church in this new situation? Throughout, McKim asks the question so what as he relates Christian teachings to a secular society and to what is actually happening in the local church. McKim's goal is to enable the singing of the Lord's song in the new and strange land of a secular society.

Evangelism and Social Concern in the Theology of Carl F. H. Henry Jerry M. Ireland, 2015-06-01

How do evangelism and social concern relate to one another in the mission of the church? How should the Old Testament's emphasis on social justice inform the praxis of modern believers? Does the Bible emphasize individual salvation or does it teach a broader, more inclusive concept? Theologians, missiologists, pastors, and educators have wrestled with these questions for centuries. But especially since the early part of the twentieth century, this debate has increasingly become a point of contention among evangelical Christians, with few indications that a consensus may soon be forthcoming. Yet few have offered so thorough an answer to these questions as has Carl F. H. Henry. Henry's regenerative model of evangelism and social concern stands on the shoulders of Augustine and many others and offers what may be the best way forward. This book explores Henry's thoughts on this subject and sets him in dialogue with numerous others who have written on these topics. Thus, it will prove a valuable resource for all interested in this topic.

Baptist Political Theology Thomas S. Kidd, Paul D. Miller, Andrew T.

relating Baptist principles to a range of contemporary issues This monumental volume sheds light on the history and contemporary practice of Baptists in the public square offering context and clarity for Baptist political thought in the years to come

The Cross and Reaganomics Eric R. Crouse, 2013-05-16 The Cross and Reaganomics Conservative Christians Defending Ronald Reagan by Eric R Crouse offers important insights on why Reaganomics was a major reason conservative Christians supported Reagan at the polls On election night in November 1980 Americans witnessed the victory of a conservative to the presidency With the United States experiencing economic stagnation and high inflation many were hopeful of Ronald Reagan s deeds matching his optimistic rhetoric of America s potential What followed was a decade of economic transformation military buildup and a political awakening of conservatism One story that has not received much attention is the relationship between conservative Christians and Ronald Reagan s economic policies Crouse argues that conservative Christians were among the strongest champions of limited government free enterprise particularly small business and anticommunism A surprising number of conservative Christian leaders discussed the works of major free market economists Conservative Christians embraced and tapped into the traditional American values of individual opportunity personal responsibility and human freedom all themes they believed were front and center in Reaganomics Although American pluralism prevented any plan to Christianize the nation by politics in the sphere of economics conservative Christians did witness political and cultural gains

Carl F. H. Henry on the Holy Spirit Jesse M.

Payne, 2021-07-07 Recover evangelicalism s foundations by returning to its architect None doubt the influence of Carl F H Henry the theological architect of contemporary evangelicalism Through his prolific writing and editorial role in Christianity Today Henry is known for addressing contemporary theology individual and social ethics and cultural criticism But he has been critiqued for an underdeveloped pneumatology In Carl F H Henry on The Holy Spirit Jesse M Payne argues that Henry cannot truly be understood apart from his mature pneumatology The Spirit plays a vital role in three major areas of Henry s theology revelation ecclesiology and ethics These seemingly disparate topics are tied together by his view of a Spirit inspired Bible ordering a Spirit enlivened body composed of Spirit filled believers Readers will gain a more holistic view of Henry the role of the Spirit in his life and thought and early neo evangelical theology

Christianity or Humanism: Which Will You Choose? Robert L. Waggoner, D.Min., 2014-06-09 Most Christians are blissfully uninformed about the worldview of Humanism and therefore do not realize that secular Humanism has now largely displaced our society s Christian foundations Robert Waggoner Precise information Secular Humanism is the major belief system that currently challenges Christian faith in the Western world Arguments and evidence The Christian worldview is indeed superior to Humanism Warning Humanism is a threat to Christian institutions and beliefs Motivation Greater activity is necessary not only in service to God and humanity but also in resisting and overthrowing Humanism
