The Gulf Future Security And British Policy:

The Gulf ,2000 This collection of speeches explores ideas pertinent to the current and future security status of the Gulf region Issues discussed include regional sources of instability future security British policy and energy security **The Gulf**
The Emirates Center for Strategic Studies and Research,2000-06-22 The Arabian Gulf region has increasingly become the focus of international concern since the Gulf War of 1991 which clearly demonstrated the link between regional stability and global security An effective Gulf security framework hinges to a great extent on the integration of national and regional policies with the defense policies of allied countries The end of the Cold War has afforded the opportunity for the Gulf region to develop a more stable security paradigm that is not constrained by the imperatives of a bipolar system Against this backdrop this book examines the foundation and the scope for closer security ties between the United Kingdom and the Gulf Cooperation Council countries This volume includes a number of specialized papers presented by prominent military officials and experts from the GCC countries and Britain in a conference held jointly by ECSSR and the Royal United Services Institute for Defense Studies RUSI in London April 29 30 1998 The book thus offers a unique opportunity to access professional experience in the field of security and stresses the need to develop a greater range of consultative mechanisms In highlighting both immediate and potential threats to Gulf security and effective national and regional measures to counter them the book aspires to provide a deeper understanding of the security issues that will define the shape of the GCC UK relationship in the twenty first century *Annual Book* Markaz al-Imārāt lil-Dirāsāt wa-al-Buhūth al-Istirāṭijyah,2008

 2003, / (ــــــــــــــــ-ــــــــــــــــ) ــــــــــــــــــــــــــــــــ ــــــــــــــــ ــــــــــــــــــــــــ Globalization and the Middle East Toby Dodge, Richard A. Higgott, 2002 The
 subject of globalization has come to dominate informed debate across a broad sweep of disciplines But there are few good
 detailed published studies on the influence of globalization on non European areas of the world This study aims to fill the gap
 by bringing together a number of experts on the Middle East to examine the dynamic changes it has brought to the region
 The book examines the place globalization occupies in the history of the Middle East and how it is set to transform relations
 between governments in the area and the external and former colonial powers It focuses on the political cultural and
 economic effects of globalization on the states of the Gulf before applying each of these three themes to the wider Middle
 East *THE GULF: FUTURE SECURITY AND BRITISH POLICY* 2001, ــــــــــــــــــــــــ ــــــــــــــــــــــــ **Directory of Research and

 Arabia share a similar economic social and political situation On the one hand they have a relatively small population a high
 per capita income and a relatively low capacity to absorb capital On the other hand they have acquired significant
 importance since the Second World War as a result of the discovery of oil and their vast oil wealth 60 per cent of the world s

proven reserves Al Alkim s book examines the actors shaping the foreign policy dynamics of the Gulf Cooperation Council GCC states The theme of the study is that as a result of the 1991 92 Gulf war and the Gulf countries increased dependency on the US in the new world order the GCC has become heavily dependent on foreign powers for its survival The author first outlines the historical background explaining its effect on current foreign policy issues and investigating the role played by internal factors He then deals with political and social dynamics strengths and weaknesses and harmony and conflict in intra state relations Regional and international interactions and the role of decision makers are examined as they impinge on the drawing up of foreign policy Finally the book examines the issues and problems facing the GCC states for their foreign policy in the 1990s and asks how they will approach the twenty first century Provided by publisher **ARR** ,1978 **OAPEC** ,2006 **West Asia and India** Farah Naaz,2005 West Asian Region Has Been Important To The Whole World And Is A Coveted Region Due To Its Oil Wealth As Well As Strategic Location India Also Has Major Interests In The Region The Book Attempts To Trace India S Relations With Countries Of The Region With The Change In International Environment In 1990S How The Relations From Security And Economic Point Of View Between The Two Became All The More Important Are Highlighted The Other Issues Security In The Gulf Region And Israelpalestinian Problem Are Also Discussed In The Book Based On Well Researched Articles The Book May Be Found Useful By Those Interested In West Asian Region And India S Relations With The Countries In The Region Rs 450 Us 20 *BiblioAsia* National Library (Singapore),2008 **ARR, Arab Report and Record** ,1978 *Iraq* C.
