Under the Bus Caroline Fredrickson, 2010-01-12 Did you think you knew the facts about women and work Think again a terrific book utterly gripping Peter Edelman author of So Rich So Poor For women in professional and corporate jobs much of the discrimination and inequity faced in the past has been confronted and at least to some extent conquered But the fact is that we have a two tiered system where some working women have a full panoply of rights while others have few or none at all We allow blatant discrimination by small employers Domestic workers are cut out of our wage and overtime laws Part time workers disproportionately women are denied basic benefits Laws have been written through a process of compromise and negotiation and in each case vulnerable workers were the bargaining chip that was sacrificed to guarantee the policy's enactment For these workers the system that was supposed to act as a safety net has become a sieve and they are still falling through Caroline Fredrickson is a powerful advocate and DC insider who has witnessed the legislative compromises that leave out temps farmworkers staff at small businesses immigrants and others who fall outside an intentionally narrow definition of employees The women in this fast growing part of the workforce are denied minimum wage maternity leave health care the right to unionize and protection from harassment and discrimination all within the bounds of the law If current trends continue their fate will be the future of all American workers An informative occasionally shocking exploration of the state of women's rights in the workplace Kirkus Reviews *An Evaluation of the Public Schools of the District of Columbia* National Research Council, Division of Behavioral and Social Sciences and Education, Board on Testing and Assessment, Committee for the Five-Year (2009-2013) Summative Evaluation of the District of Columbia Public Schools, 2015-08-31 An Evaluation of the Public Schools of the District of Columbia is a comprehensive five year summative evaluation report for Phase Two of an initiative to evaluate the District of Columbia's public schools Consistent with the recommendations in the 2011 report A Plan for Evaluating the District of Columbia's Public Schools this new report describes changes in the public schools during the period from 2009 to 2013 An Evaluation of the Public Schools of the District of Columbia examines business practices human resources operations and human capital strategies academic plans and student achievement This report identifies what is working well seven years after legislation was enacted to give control of public schools to the mayor of the District of Columbia and which areas need additional attention Power and the Engineer, 1899 Railway Age, 1927 **Proceedings of the American Society of Civil Engineers** American Society of Civil Engineers, 1915 Metal Worker, Plumber and Steam Fitter, 1881 Business Service Check List, 1951 Key business indicators include Population Personal Income Gross National Product Corp Profits before Tax Manufacturing new orders Business Inventories Retail Sales Industrial Production Index Housing Starts private nonfarm Civilian Labor Force Consumer Price Index Balance of Payments Merchandise Exports and General Imports **The Politics and Governance of Basic Education** Brian Levy, Robert Cameron, Ursula Hoadley, Vinothan Naidoo, 2018-09-05 This is an open access title available
