## **Sherlock Holmes Is Like: Sixty Comparisons for an Incomparable**

**Character** Christopher Redmond,2019-01-07 What do Superman Gertrude Stein the Beatles Lord Shiva the Wizard of Oz and Hermione Granger have in common They share essential characteristics with iconic detective Sherlock Holmes explored in Sherlock Holmes is Like Sixty Comparisons for an Incomparable Character In his introduction editor Christopher Redmond says The essays in this collection are not an analysis of what Sherlock Holmes is like brilliant unsociable hawk nosed but rather case studies of whom he can be said to be like Their sixty suggestions range across centuries and continents and include figures from belief and legend as well as from contemporary fiction and film Some are household names while others will be unknown to nearly all readers In each case while the author has been encouraged to provide an introduction to the character in question the ultimate purpose of the comparison is to shed light on some aspect of the character of Sherlock

Holmes whose complexities are far from exhausted more than 130 years after he was introduced to a curious readership

John Thorndyke's Cases R. Austin Freeman, 2015-10-28 There are I suppose few places even on the East Coast of England more lonely and remote than the village of Little Sundsley and the country that surrounds it Far from any railway and some miles distant from any considerable town it remains an outpost of civilization in which primitive manners and customs and old world tradition linger on into an age that has elsewhere forgotten them In the summer it is true a small contingent of visitors adventurous in spirit though mostly of sedate and solitary habits make their appearance to swell its meagre population and impart to the wide stretches of smooth sand that fringe its shores a fleeting air of life and sober gaiety but in late September the season of the year in which I made its acquaintance its pasture lands lie desolate the rugged paths along the cliffs are seldom trodden by human foot and the sands are a desert waste on which for days together no footprint appears save that left by some passing sea bird I had been assured by my medical agent Mr Turcival that I should find the practice of which I was now taking charge an exceedingly soft billet and suitable for a studious man and certainly he had not misled me for the patients were in fact so few that I was quite concerned for my principal and rather dull for want of work Hence when my friend John Thorndyke the well known medico legal expert proposed to come down and stay with me for a weekend and perhaps a few days beyond I hailed the proposal with delight and welcomed him with open arms You certainly don t seem to be overworked Jervis he remarked as we turned out of the gate after tea on the day of his arrival for a stroll on the shore Is this a new practice or an old one in a state of senile decay Why the fact is I answered there is virtually no practice Cooper my principal has been here about six years and as he has private means he has never made any serious effort to build one up and the other man Dr Burrows being uncommonly keen and the people very conservative Cooper has never really got his foot in However it doesn t seem to trouble him

**The Moabite Cipher** R. Austin Freeman, 2014-09-02 A large and motley crowd lined the pavements of Oxford Street as Thorndyke and I made our way leisurely eastward Floral decorations and drooping bunting announced one of those functions inaugurated from time to time by a benevolent Government for the entertainment of fashionable loungers and the relief of distressed pickpockets For a Russian Grand Duke who had torn himself away amidst valedictory explosions from a loving if too demonstrative people was to pass anon on his way to the Guildhall and a British Prince heroically indiscreet was expected to occupy a seat in the ducal carriage Near Rathbone Place Thorndyke halted and drew my attention to a smart looking man who stood lounging in a doorway cigarette in hand

[The Complete Works of R. Austin Freeman: Action Thrillers, Murder Mysteries & Detective Stories](#) R. Austin Freeman, 2023-12-06 R Austin Freeman s The Complete Works of R Austin

Freeman Action Thrillers Murder Mysteries Detective Stories presents a masterful compilation of narratives that intertwine intricate plots with compelling characters demonstrating Freeman's unique contribution to the detective genre. Known for his pioneering work in the field of scientific crime detection, Freeman's literary style blends meticulous attention to detail with a gripping narrative pace, capturing the reader's imagination from the first page to the last. His stories often reflect the burgeoning influence of forensic science in the early 20th century, positioning them within a rich tapestry of early detective fiction that includes contemporaries like Arthur Conan Doyle yet distinct in their character-driven plots and innovative techniques of revelation. R. Austin Freeman, a contemporary of the golden age of detective novels, was a trained physician whose background in science fundamentally shaped his approach to storytelling. His experiences in medicine and keen interest in forensic science inform the methods used by his protagonists, particularly the character Dr. John Thorndyke, a forensics savvy detective. Freeman's engagement with scientific principles not only added authenticity to his narratives but also anticipated the future of crime solving in literature and real life, making his works significant in the evolution of the genre. Readers interested in the foundations of detective fiction will find Freeman's collected works both captivating and enlightening. This anthology offers timeless tales that not only entertain but also provoke thought about justice and morality. Each story is a testament to Freeman's skill in weaving suspenseful plots that challenge the intellect and keep the audience guessing until the very end.
