## **The Money Machine:**

**The Money Machine** Philip Coggan, 2009-07-02 What happens in the City has never affected us more In this excellent guide now fully revised and updated leading financial journalist Philip Coggan cuts through the headlines the scandals and the jargon to explain the nuts and bolts of the financial system What causes the pound to rise or interest rates to fall Which are the institutions that really matter Why is it we need the Money Machine and what happens when it crashes Coggan provides clear and concise answers and shows why we should all be more familiar with a system we so intimately depend upon

**Money Machine** Gary V. Smith, 2017-06-08 This book looks at Wall Street wonders Warren Buffet Benjamin Graham and other legends and shares how you can utilize their secrets to unimaginable success It s time to put your money to work the smart way and stop chasing quick payoffs that never turn out That seductive stock tip you just overheard That s your ticket to flushing your savings down the toilet The story you saw on a promising new product Only those who invested before the story came out have any chance of a solid payout If you want to succeed in the market you need to learn how to invest based on value selecting stocks that will continue to enrich you for years to come By learning the keys to value investing Money Machine will teach you how to Judge a stock by the cash it generates Determine the stock s intrinsic value Use key investment benchmarks such as price earnings ratio and dividend price ratio Recognize stock market bubbles and profit from panics Avoid psychological traps that can trip you up Investing in the market doesn t have to be reckless speculation Invest in value not ventures and find the financial success all those gamblers are still looking for

Money Machines Prof Dr Mark Coeckelbergh, 2015-05-28 Money Machines focuses on the role of technology in global finance and reflects on the ethical and societal meaning and impact of financial information and communication technologies ICTs Exploring the history metaphysics and geography of money algorithms and electronic currencies the author argues that financial ICTs contribute to impersonal disengaged placeless and objectifying relations and that in the context of globalization these distancing effects render it increasingly difficult to exercise and ascribe responsibility The book also examines the ways in which contemporary techno financial developments can be resisted or re oriented in a morally and socially responsible direction not without but with technology
