This Spiral Manual provides a practical approach to the diagnosis and medical management of newborns. Chapters cover maternal, fetal, and neonatal problems and common neonatal procedures. An outline format provides quick access to a large amount of information, and the outline headings are standardized in this edition. The updated coverage includes new information on fetal assessment, survival of premature infants, and perinatal asphyxia, and new guidelines on neonatal jaundice. The popular appendices include effects of maternal drugs on the fetus, maternal medications during lactation, and NICU medication guidelines. A neonatal dosing chart and intubation sedation guidelines appear on the inside covers.

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
