Teenage Gangs:

The Youth Gangs, Drugs, and Violence Connection James C. Howell, 1999 **Youth Gangs** James C. Howell, 1998

Teen Gangs Maureen P. Duffy, Scott E. Gillig, 2004-03-30 Teen gangs are a hot issue in the United States. This volume shows the international scope of the phenomenon today. Gang activity in 14 countries including the United States is discussed within the larger framework of social and economic conditions. Each chapter explains the nature of the gang activity in that country, touches on the causes such as poverty, marginalization, and self-identity problems, and heavily emphasizes the responses including education and community-based intervention. Students and researchers will find a wealth of current information on teen gangs to mine and use for comparisons.

Youth Gangs James C. Howell, 1997 *The Youth Gang Problem* Irving A. Spergel, 1995-06-01 Every day there are new stories of gang-related crime from the proliferation of illegal weapons in the streets and children dealing drugs in their schools to innocent bystanders caught in the crossfire of never-ending gang wars. Once considered an urban phenomenon, gang violence is permeating American life, spreading to the suburbs and bringing the problem closer to home for much of America. The government, schools, social agencies, and the justice system are conspicuous by their sporadic interest in the subject and have failed to develop effective policies and programs. Existing social support mechanisms and strategies for suppressing violence have often been unsuccessful. And state and federal policy is largely nonexistent. In *The Youth Gang Problem: A Community Approach*, Irving Spergel provides a systematic analysis of youth gangs in the United States. Based on research, historical and comparative analysis, and agency documents, and the author's extensive first-hand experience, the work explores the gang problem from the perspective of community disorganization, especially population movement and the plight of the underclass. It examines the factors of gang member personality, gang dynamics, criminal organization, and the influence of family, school, prisons, and politics, as well as the response of criminal justice agencies and community groups. Spergel describes techniques used by social agencies, schools, employment programs, criminal justice agencies, and grass-roots organizations for dealing with gangs and recommends strategies that emphasize the use of local resources, planning, and collaborative procedures. There is no single strategy and no easy solution to the youth gang problem in the United States. There are, however, substantial steps we can take and they must be honestly and systematically tested. Offering a practical and alternative approach to a serious social problem, *The Youth Gang Problem: A Community Approach* is a major and long-awaited contribution to this dilemma. It is required reading for criminal justice personnel, school staff, social workers, policy makers, students, and scholars of urban and organizational sociology, and the general reader concerned with the youth gang problem and how to control, intervene, and prevent it.

Covey, Scott Menard, 2016-04-11 In the quarter century since the first edition of this book scholarship on gangs in general and especially youth gangs has grown exponentially. This massive expansion of the literature on youth gangs especially in the past decade warranted this expanded and updated fourth edition. The first chapter has an expanded discussion of definitional issues plus recent data from the National Youth Gang Survey material on the evolving economic nature of gangs and gang use of internet and social media. The second chapter continues by examining gang violence and drug involvement and the extent to which they are intercorrelated with new material on victimization of gang members and gang involvement in drug use and sales. Chapter 3 focuses on racial and ethnic decadences in gangs and the important role of race and ethnicity on gang membership and gang behavior in the U.S. The fourth chapter examines female gangs and gang membership and the changes that have taken place in the nature and extent of female gang membership over time. The fifth and sixth chapters place contemporary American gangs in the historical and international perspective. Chapter 5 includes a new section on youth gangs in the new millennium and Chapter 6 has been reorganized particularly to reflect the burgeoning research on European and other international gangs since the turn of the millennium. Chapter 7 has been expanded to include recent developments in the actual and potential application of biosocial psychological and life course developmental theories to gangs. Chapter 8 provides a comprehensive multilevel theory of gangs with updates including new propositions and new evidence for both the new and old propositions based on more recent work in theory development and theory testing for gangs. The ninth and tenth chapters revisions focus on legislative and justice system efforts to deter gang crime and membership. Chapter 10 also focuses on intervention and assistance programs outside the justice system including discussion of the Gang Resistance Education and Training program. The final chapter concludes by considering the future of youth gangs in the U.S. and elsewhere in light of historical and cross national evidence theory and experience with gang interventions and programs considering more recent developments in those areas and whether they justify any change and for what would be expected of the future of youth gangs **Young Hunters in Porto Rico** Edward Stratemeyer, Ralph Bonehill, 1900 The Punishment and Prevention of Crime Edmund Frederick Du Cane, 1885 **Case Studies in Community Crime Prevention** Aaron Podolefsky, 1983 Results of research project on efforts to control crime in neighborhoods in Philadelphia, Chicago and San Francisco *Young Folks' History of Russia* Nathan Haskell Dole, 1881 **Harper's Young People**, 1887 Proceedings of the Illinois Conference on Public Welfare, 1897 **The Shadow of a Crime** Hall Caine, 1892 *Newsweek*, 1954-09
