**Fast Forward** Les Brown, Savannah Waring Walker, 1983      **The Fastest Kid On the Block** Marty Glickman, 1996-10-01

Marty Glickman the incomparable sportscaster and Olympian athlete writes of his five decades in sports And what a career it was At the heart of his autobiography is the notorious incident at the 1936 Nazi Olympics in Berlin Glickman and Sam Stoller the only Jews on the American track and field team were dropped from the 400 meter relay team More than any other event that would shape his life this would be a defining moment for Glickman one that would propel him into one of the richest and longest career in sports broadcasting history In *The Fastest Kid on the Block* Glickman recounts his beginnings as an athlete in Brooklyn and his early years at Syracuse University After his devastating experience at the Olympics he began his broadcasting career As one of the best known voices of New York City sports he announced many of the most exciting games in sports history including baseball hockey football wrestling and basketball Glickman was actively involved with and now brings to life the most influential teams and personalities in the sports world including the New York Knicks the New York Giants Red Auerbach Joe Namath Wilt Chamberlain Bill Bradley Bud Collins and Mike Emrick to name just a few This spirited autobiography concludes with Glickman's trenchant observations about his fellow sports broadcasters the present day Olympics and his own tips on how to break into the competitive wonderful world of sports broadcasting

**Co-Create** David Nour, 2017-05-09 What if your customers had a vested interest in guiding your company toward greater success What if your employees had a personal as well as professional commitment to elevating your organization Imagine how different your results would be if investors vendors and even analysts treasured the relationship they have built with you Most important is your company capable of setting aside a bit of its own self interest to become part of dramatically more rewarding collaborative effort That's the provocative and ultimately earthshaking question David Nour poses He argues that co creation is a transformational journey that naturally leads to growth and evolution because it gives birth to shared interests that dwarf anything that existed previously In *Co Create* David Nour makes the case that co creation leads to Market Gravity™ a force that attracts stakeholders to your business because they recognize that many others have also united their interests with yours It's the sense backed by tangible metrics that this is bigger than any of us imagined except that you imagined precisely such an outcome That's the power of co creation

**Pandora's Box** Peter Biskind, 2023-11-07 A NEW YORKER BEST BOOKS OF 2023 SELECTION Biskind's saga about the rise and fall of prestige television explains in punchy propulsive prose how we went from Tony Soprano to Ted Lasso New Yorker Bestselling author of *Easy Riders Raging Bulls* and *Down and Dirty Pictures* cultural critic Peter Biskind turns his eye toward the new golden age of television sparked by the fall of pay it safe network TV and the rise of boundary busting cable followed by streaming which overturned both based on exclusive candid and colorful interviews with executives writers showrunners directors and actors We are now lucky enough to be living through the era of so called Peak TV in which

television in its various guises and formats has seized the entertainment mantle from movies and dominates our leisure time. How and why this happened is the subject of this book. Instead of focusing on one service like HBO, Pandora's Box asks: What did HBO do besides give us *The Sopranos*? The answer: It gave us a revolution. Biskind bites off a big chunk of entertainment history, following HBO from its birth into maturity, moving on to the basic cablers like FX and AMC, and ending up with the streamers and their wars pitting Netflix against Amazon Prime Video, Max, and the killer pluses Disney, Apple TV, and Paramount. Since the creative and business sides of TV are thoroughly entwined, Biskind examines both and the interplay between them. Through frank and shockingly intimate interviews with creators and executives, Pandora's Box investigates the dynamic interplay of commerce and art through the lens of the game-changing shows they aired, not only old warhorses like *The Sopranos* but recent shows like *The White Lotus*, *Succession*, and *Yellow*, both stone and jackets as windows into the byzantine practices of the players as they use money and guile to destroy their competitors. In the end, this book crystal balls the future in light of the success and failures of the streamers that, after apparently clearing the board, now face life-threatening problems some self-created, some not. With its long view and short takes, riveting snapshots of behind-the-scenes mischief, Pandora's Box is the only book you'll need to read to understand what's on your small screen and how it got there.
