The Doctrine Of The Holy Spirit:

The Doctrine of the Holy Spirit Hendrikus Berkhof, 1964 Systematic theology has long neglected the doctrine of the Holy Spirit. Most of the church's literature on the Spirit is of a devotional or semi theological nature. And the findings of biblical theology have not yet found their way into dogmatics much less into the preaching and life of the church. In this book Hendrikus Berkhof looks at the Christian faith from the viewpoint of the Holy Spirit. He sees the Spirit as the activity of God in Christ between Christ's first and second coming and stresses the work of the Spirit in the world here and now. Thus Dr Berkhof discusses the Holy Spirit in a far wider context than usual. Though he gives full attention to the relation between the Spirit and the individual particularly with reference to Pentecostal beliefs he places his emphasis on the world wide aspects of the Spirit missions the church creation culture. Finally he points toward an ecumenical consideration a possible reformulation of the doctrine of the Trinity in light of new insights into the Spirit's nature promises work and gifts. Publisher

The Doctrine of the Holy Spirit Jacob Godebo, 2025-07-03 The Scriptures teach the church that in biblical times the coming of the Holy Spirit equally entailed objective gift of divine reality and subjective experience of his presence gifts and works. There was objective pouring out and imparting of the Holy Spirit from the divine side and subjective experiential demonstration from the receivers side which resulted from the gifts endowed and power imparted along with the Holy Spirit. Having given them either verbally uttered or visibly performed gifts the Holy Spirit then moved believers towards practical demonstration through subjective experience. Believers subjective experience took place only as a result of the objective gift of the Holy Spirit and the resulting endowment and empowerment. Thus in the objective content of his manifestation the Holy Spirit is the objective gift of God to indwell his people. In the subjective content of his manifestation the Holy Spirit endows people with audibly uttered or visibly performed gifts. The subjective experience of the Holy Spirit's presence therefore is an original theological input from God just like the objective impartation of the Holy Spirit. Practitioners were just objects of divine purpose and their subjective experience was divine provided and divine initiated genuine experience beyond their consciousness and calculation. Reception of the Holy Spirit therefore means equally an experience of his presence gifts power and works in the church and in with and through believers from Hosanna to Maranatha. *Lectures on the New Testament Doctrine of the Holy Spirit* William Kelly, 1868 *The Doctrine of the Holy Spirit* George Smeaton, 2013-05-11 In this classic work from the 19th century Scottish theologian George Smeaton offers a timeless and essential exploration of the doctrine of the Holy Spirit. In an era when this crucial topic was often overlooked or misunderstood Smeaton's *The Doctrine of the Holy Spirit* provided a clear and comprehensive examination of the Spirit's personality deity and work as revealed in Scripture. With exegetical depth and theological precision he traces the development of this doctrine from the Old Testament to the New highlighting the Spirit's vital role in creation redemption and sanctification. Smeaton's thorough treatment not only addresses common misconceptions and objections of his day but also lays a solid biblical foundation for the Church's historic

confession of the Spirit's divinity and personhood He demonstrates the practical implications of this doctrine for the Christian life emphasizing the Spirit's work in regeneration illumination and empowerment for service While firmly rooted in its Reformed context this book remains a valuable resource for pastors theologians and laypeople seeking to deepen their understanding of the triune God and the Spirit's indispensable work in the life of the Church **The Doctrine of the Holy Spirit** George Smeaton,1958 *Lectures on the New Testament Doctrine of the Holy Spirit* William KELLY (of Guernsey.),1868 *A Biblical Theology of the Holy Spirit* Ida Mitchell,2006-08 Theology is a widely used term Therefore it is necessary to identify more closely the sense in which it is being used in this document Biblical Theology in this document is based upon and faithful to the teachings of the Bible A Biblical Theology of the Holy Spirit is a study of the Spirit of God throughout the Old and New Testaments of the Bible Theology is derived from two Greek words theos and logos theos meaning God and logos meaning speech and doctrine The doctrine covered in this document is not exhaustive but with hope will bring honor and glory to God the Father and to his Son Jesus Christ This doctrine of the Holy Spirit is also being written on the premise that it will appeal to common readers and lay persons as well as seminarians and theology students This is an attempt to explore the scriptures give more knowledge and broaden the understanding of all individuals concerned and obtained accurate and infallible information concerning who the Spirit of God is and the functions of the Holy Spirit
