The Discovery Of Egypt:

The Discovery of Egypt Leslie Greener, 1967 *The Discovery of Ancient Egypt* Alberto Siliotti, 1998-01-01 *By Way of Accident* Ahmed Abul Ella, 2016-04-25 It is astonishing to think that many great archaeological discoveries occurred in Egypt only by way of accident during the 19th and 20th centuries Even today accidents still play a vital frequent and sometimes comical role with new discoveries happening almost weekly and with many more secrets of the ancient Egyptian civilization still remaining This book takes readers beyond these discoveries and their associated accidents This book cannot be considered purely as an Egyptological and archaeological reading or even as dry history pages covering Egypt's modern era of the 19th and 20th centuries Rather it is a book that sheds light on the intimate links between the birth of Egyptology after the deciphering of the famous Rosetta Stone and the raging world politics and regional power shifts in Egypt and its surroundings The book ties together the political storms of colonialism in the first half of the 19th century and the unsettling effect these upheavals had on Egypt during the reign of Mohamed Ali Pasha In a storytelling style the book is a journey through time and place The book takes readers on a guided tour to most of Egypt's well known monuments that were mainly discovered by simple accident or in which an accident played a major part leading to discovery In addition the book leads readers through time exploring ancient Egypt the days of the pharaohs ancient gods rituals and public ceremonial festivals with old and new stories that shed light on the true value of such discoveries in antiquity and modern day **The Discovery of Egypt** Fernand Emile Beaucour, Yves Laissus, Chantal Orgogozo, 1990 Provides a historical look at Egypt through illustrations of paintings drawings and prints produced during Napoleon's Egyptian campaign *By Way of Accident* Ahmed M. Abul Ella, 2015-06-01 During the long road towards understanding and discovering the secrets of ancient Egypt there have been great events curious incidents and comical moments all of which have helped to mold the modern history of Egypt and in turn the history of the modern world Accidental discoveries which are the theme of this book have occurred in tandem with the political and social development of Egypt during the past 200 years The three principal aims of this book are to unveil the hidden connections and strong linkages between the true stories behind the major archaeological discoveries in Egypt spanning the time period from the 19th century immediately after the French expedition to Egypt until today to outline the relationship of these discoveries with the sudden opening of Egyptian society to the modern western world and to explore how the study of ancient Egypt became a bridge to enlightenment **A Handbook for Travellers in Egypt** John Murray (Firm), 1875 *Language and Identity in Modern Egypt* Reem Bassiouney, 2015-01-27 Focussing on nationalist discourse before during and after the revolution of 2011 Reem Bassiouney explores the two way relationship between language in Egyptian public discourse and Egyptian identity Her sources include newspaper articles caricatures Egyptian Legacies Omar Khalil, The echoes of ancient Egypt can still be heard in the modern world in our architecture art religion and fascination with mystery Egyptian Legacies Enduring Influence on the Modern World explores the powerful ways in which

this ancient civilization continues to shape contemporary life This 3 in 1 volume bridges thousands of years revealing how ancient beliefs and discoveries still leave their mark today Uncover the cultural ripple effects of Egyptian thought design and symbolism across history and modern society Examine the radical reign of Akhenaten the heretic pharaoh whose revolutionary ideas on religion and governance challenged tradition and foreshadowed future shifts in belief systems Finally relive the breathtaking discovery of Tutankhamun's tomb a moment that reignited global Egyptomania and transformed our understanding of ancient royalty and burial customs With captivating insight into both history and modern relevance this book is perfect for anyone intrigued by the timeless connection between past and present Whether you're a student traveler or history enthusiast it offers a compelling look at how the legacies of the Nile continue to shape our world The Biblical World William Rainey Harper, Ernest DeWitt Burton, Shailer Mathews, 1895 Books for New Testament study By Clyde Weber Votaw v 26 p 271 320 v 37 p 289 352 **The Discovery of Egypt** Fernand Beaucour, Yves Laissus, Chantal Orgogozo, 1992-12-12 The Literature of Egypt and the Soudan from the Earliest Times to the Year 1885 [i.e. 1887] Inclusive Prince Ibrahim-Hilmy (son of Ismail, Khedive of Egypt), 1887 **Egypt** Georg Ebers, 1887 **History of Ancient and Modern Egypt** Michael Russell, 1852 *Egypt* Karl Baedeker (Firm), 1898 **The Discovery of Egypt** Terence M. Russell, 2005-12-15 Dominique Vivant Denon was a lover of the Empress Josephine a compulsive collector the first director of the Louvre museum and Bonaparte's adviser on artistic matters Indeed Denon was known as Napoleon's eye But the man who impressed the emperor with his courteous manners and his talent for pornographic drawing was also the primary force behind revealing Egypt's civilisation to an astonished Europe Invited to accompany Bonaparte during the French Expedition to Egypt a staging post in Napoleon's campaign to wrest India from the British Denon was forcibly struck by Egypt's architecture With often only a few minutes to record the scene before him he would sketch under fire On one occasion he worked for sixteen hours while the windblown sand caused his eyelids to bleed Upon his return to France Denon published *Travels in Upper and Lower Egypt* His insightful and deeply humane volume became an instant bestseller Hitherto no one had suspected that Egypt's rich and mature civilisation existed In this book Terence M Russell unfolds Denon's colourful extraordinary and contradictory character While Denon was the first to present to Europe a true and honest image of ancient Egypt and the first European traveller to spend months exploring the desert and recording the monuments he found there he was also a hard headed collector Throughout his travels he made plans for the wonders of Egypt to be crated up and shipped back to Paris The Discovery of Egypt is a story of heroic endurance and accomplishment set against a bloody military campaign Illustrated with Vivant Denon's incomparable drawings and the works of others who accompanied Napoleon to the deserts of Egypt it gives an insight into the mind of one of the first Egyptologists an adventurer an artist of consummate ability and a compulsive collector History of Ancient Art Charles Eliot Norton, 1891 *Hand-Book for Travellers in Egypt ...
