**Volumes** Thomas F. Torrance,1996-11-16 A collection of essays articles and article reviews that arise directly or indirectly out of Torrance s involvement in the ecumenical movement Ours must be the task of learning together again how to confess like the early Church faith in Jesus Christ as Saviour and God in all its breadth and length and height and depth and therefore in the overflowing love of God Only in glorification of God the Son and in actual encouragement of the Gospel can we produce as a paragon a doctrine of the Church in which our differences are lost sight of because they are destroyed from behind by a masterful faith in the Saviour of men From the Introduction

### The Works of Orestes A. Brownson: Civilization

Orestes Augustus Brownson,1884 **Conflict and Agreement in the Church, Volume 1** T.F. Torrance,2023-01-01 T F Torrance s Conflict and Agreement in the Church gathers together his most influential essays and articles on topics relating to ecumenism Himself involved heavily in the ecumenical movement he wrote that ours must be the task of learning together again how to confess like the early Church faith in Jesus Christ as Saviour and God in all its breadth and length and height and depth and therefore in the overflowing love of God Out of this conviction grew a comprehensive doctrine of the Church in which our differences are lost sight of because they are destroyed from behind by a masterful faith in the Saviour of men In this first volume Torrance presents a set of essays engaging theologically with different denominations along with responses to particular problems facing the ecumenical project In particular writing after the third world conference on faith and order

he addresses the hopes and barriers it raised to closer ecumenical relations Throughout Torrance s acute awareness of contrasting theological principles establishes a firm basis for further progress without obscuring the doctrinal and ecclesiological differences that remain   **Conflict and Agreement in the Church, Volume 1** Jean Rilliet,2023-11-30 T F Torrance s Conflict and Agreement in the Church gathers together his most influential essays and articles on topics relating to ecumenism Himself involved heavily in the ecumenical movement he wrote that ours must be the task of learning together again how to confess like the early Church faith in Jesus Christ as Saviour and God in all its breadth and length and height and depth and therefore in the overflowing love of God Out of this conviction grew a comprehensive doctrine of the Church in which our differences are lost sight of because they are destroyed from behind by a masterful faith in the Saviour of men In the first volume Torrance presents a set of essays engaging theologically with different denominations along with responses to particular problems facing the ecumenical project In particular writing after the third world conference on faith and order he addresses the hopes and barriers it raised to closer ecumenical relations Throughout Torrance s acute awareness of contrasting theological principles establishes a firm basis for further progress without obscuring the doctrinal and ecclesiological differences that remain In the second volume Torrance s thought on inter denominational cooperation in light of the Church s mission is presented He begins by suggesting that the lines of conflict and agreement in the Church coincide less and less with the frontiers of the historic communions This opens the door for greater union between those communion but also exposes significant challenges to unity within them Addressing the major debates on the sacraments of baptism and the Eucharist along with the priesthood and biblical exegesis Torrance proposes a constructive way forward sealed by reconciliation in the Body and Blood of Christ   *The Permanent Elements of Religion* William Boyd Carpenter,1889   **The Origin and Development of Religious Belief** Sabine Baring-Gould,1878   [The Ministry, Vol. 11, No. 09](#) Various Authors,2007-11-01 This issue of The Ministry contains the first nine messages given during the 2006 spring term of the full time training in Anaheim California The general subject of this series of messages is Knowing and Experiencing the Intrinsic Constitution of the Building of God The building of God is the corporate expression of the processed and consummated Triune God in and through His chosen redeemed regenerated renewed sanctified transformed and glorified people It is the corporate expression of the Triune God produced by the mingling of God and man and by the building of God into man and man into God God s goal is to build up the Body of Christ to consummate the New Jerusalem which is the consummate building of God This glorious consummate building has a number of outstanding characteristics However the highest characteristic of the building of God is that it is a personal building that is a person the corporate God man When our Lord Jesus Christ came through incarnation to be a man the God man He Himself was a building John 1 14 2 19 21 The Lord Jesus Himself as the mingling of God and man was God s building in miniature As an individual man He was both the tabernacle and the temple However God s goal is to enlarge this individual building by multiplying Christ through death and

resurrection and then working this Christ into our whole being until we are the same as He is in every way except in the Godhead The result will be a corporate building which is a corporate person the bride of Christ and the wife of the Lamb God s goal in the whole universe is to gain such a spiritual organic and personal building Last of all we include a report concerning a recent international blending conference in Accra Ghana West Africa      **History of the Church of God**
