Tayler Lewis,2015-07-18 Excerpt from *The Divine Human in the Scriptures* A True faith in the Scriptures must have its strength in the Scriptures themselves This would seem to be a proposition of the clearest reason If the Bible be the word of God with a human voice then must it speak to the human soul directly as no other word no other voice can speak Too much have we relied on outward helps Not casting away then but leaving behind our Apologies for the Bible our Philosophies of the Bible our Reconciliations of the Bible with Science we should come directly to the Scriptures with the rational as well as reverent belief that if they are divine they must contain within themselves their own strong self evidencing power We would say to the young man disturbed with scepticism Read your Bible We would say to all who have difficulties which they honestly wish removed Study the Scriptures meditate therein by day and by night Nocturna versate manu versate diurna It is the only true and lasting cure of scepticism whether for an individual or an age It might be thought that there is some risk in the prescription and doubtless it may be so with its first effects for the difficulties and stumbling blocks may show themselves before the deep verities have begun to arrest and amaze the soul but let there be perseverance and the divine medicine will reveal its power the sun of righteousness will at length arise with healing in its wings About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [The Eerdmans Companion to the Bible](#) Gordon D.
