The Divine Imperative

Paul C. McGlasson

The Divine Imperative:

The Divine Imperative Emil Brunner, 2002 One of the major works of the great German theologian Emil Brunner The Divine Imperative deals with what we ought to do People are unconvinced that there is an inviolable moral obligation governing human life because they do not believe that the good can be precisely and clearly known Haven't some generations called bad what others have called good Aren't moral standards relative Doesn't religion lack uniform and practical moral guidance Brunner discusses the moral confusion we face He analyses the nature of the Good showing why the Christian faith as understood by the Protestant Reformers provides the only true approach and answer to the ethical problem Philosophical ethics whether ancient or modern cannot correctly define the Good because the Good is regarded either as too abstract and absolute or as too concrete and relative Christianity by contrast sees the moral problem as one of responsibility between humans who are created so as to respond to God He created men for responsive fellowship with Him establishing orderly ways of acting in the world Correct understanding of the nature of society family state economic life is needed to discern one's duty Because Brunner's analysis is at once fundamental and comprehensive this book remains a fresh and compelling treatment of the moral problem It offers a provocative discussion and solution of a perennial human problem

Brunner, 1942 *Divine Imperatives* Herbert W. Byrne, 2004-06 **Dialectic as Dialogue** Taylor D. Holleyman, 2026-02-09 Dialectic as Dialogue Theology After Brunner is an examination of Emil Brunner's theological epistemology with special focus on his reception of dialogical philosophy its implications for the nature and task of theology and Brunner's contemporary significance This book helps readers better understand Brunner's theology and provides a fresh perspective on his legacy and the possibilities for his continuing influence Readers will gain insight into Brunner's most foundational developments and theological commitments In connection with Brunner Dialectic as Dialogue also helps clarify the tradition known as dialogical philosophy and its implications as a resource for Christian theology Dialectic as Dialogue is intended for those interested in the life and thought of Emil Brunner the legacy of the dialectical theology movement and the impact of Martin Buber's dialogical philosophy in Christian theology It will also appeal to readers with broader interests in modern philosophies of religion epistemology theological reasoning and constructive claims regarding the nature and task of theology A study in Christian ethics Emil Brunner, 1947 *Das Gebot und die Ordnungen. The Divine Imperative. A study in Christian ethics ... Translated by Olive Wyon* Emil Brunner, Olive WYON, 1937 **Witnessing the Divine Imperative** Jim Henry, 1979 *Theological Exegesis of Scripture, Volume I* Paul C. McGlasson, 2022-07-05 There are many books about theological exegesis there are far fewer books of theological exegesis This volume on the Pentateuch begins a six volume work of theological exegesis that will span select passages from the whole of the Christian Bible The aim is to read Scripture according to its theological shape as a

witness to the living claim of God upon church and world made known in Jesus Christ The theological frame of the Pentateuch is grounded in the freely given promise of God which gathers not only the people of God but humanity and the whole creation into the one purpose of God's redemptive love Indeed we live by that selfsame promise today and must struggle to understand and act in our world in light of it The book and the series are intended for teachers pastors students and readers attentive to the theological and spiritual dimensions of the biblical witness in all its brilliance and mystery

Modern Protestantism and Positive Law Bradley Shingleton, 2019-10-31 The nature and role of positive law has largely been neglected in recent Protestant theology and social ethics Modern Protestantism and Positive Law introduces and critically summarizes a tradition in Continental Protestant thought about human law drawing on writings of Barth Brunner Ellul Thielicke Wolf Pannenberg Huber and Kre many of which have not been translated into English The book argues that law is an essential political and social institution within developed societies one that is normative and dependent on an encompassing vision of justice but that also necessarily reflects the contemporary pluralism of those societies Modern Protestantism and Positive Law argues that theological and ethical perspectives on positive law developed by Protestant thinkers have a place in reflection on positive law provided they are conceived and expressed in a manner appropriately respectful of the diversity of contemporary opinion regarding the expression of religious perspectives in the public arena

Volume 10, Tome I: Kierkegaard's Influence on Theology Jon Stewart, 2016-12-05 Kierkegaard has always enjoyed a rich reception in the fields of theology and religious studies This reception might seem obvious given that he is one of the most important Christian writers of the nineteenth century but Kierkegaard was by no means a straightforward theologian in any traditional sense He had no enduring interest in some of the main fields of theology such as church history or biblical studies and he was strikingly silent on many key Christian dogmas Moreover he harbored a degree of animosity towards the university theologians and churchmen of his own day Despite this he has been a source of inspiration for numerous religious writers from different denominations and traditions Tome I is dedicated to the reception of Kierkegaard among German Protestant theologians and religious thinkers The writings of some of these figures turned out to be instrumental for Kierkegaard's breakthrough internationally shortly after the turn of the twentieth century Leading figures of the movement of dialectical theology such as Karl Barth Emil Brunner Paul Tillich and Rudolf Bultmann spawned a steadily growing awareness of and interest in Kierkegaard's thought among generations of German theology students Emanuel Hirsch was greatly influenced by Kierkegaard and proved instrumental in disseminating his thought by producing the first complete German edition of Kierkegaard's published works Both Barth and Hirsch established unique ways of reading and appropriating Kierkegaard which to a certain degree determined the direction and course of Kierkegaard studies right up to our own times

Constructing Eschatology Nixon de Vera, 2022-01-03 This work seeks to provide a critical analysis of the prophecies in the book of Isaiah that parallels the prophetic insights in the book of Revelation The underlying question is To

what extent has God foreordained things especially before and during the final judgment The author thinks all that concerns God's majestic plan i.e. to accomplish God's purpose for humanity is covered in its entirety God is highly active in foreordaining things and whatever God foreordains shall be fulfilled in the end Isaiah's conception of the interplay between the themes of punishment and healing is central to his eschatological trajectory In this respect theologically speaking the total restoration of Israel signifies the restoration of all humankind Such an eschatology might accommodate the notion of Christian Universalism
