The Diviners A Length Poem:

The Diviners Robert McDowell, 1995 A collection of poems that tells the story in chapters corresponding to five decades 1950s 1990s of one American family coming to grips with love money war dysfunctional patterns of behaviour loyalty tolerance and forgiveness among themselves and the communities they live and work in *Symbolism*, 2002 *The Contemporary Narrative Poem* Steven P. Schneider, 2012-12-15 Over the past thirty years narrative poems have made a comeback against the lyric approach to poetry that has dominated the past century Drawing on a decade of conferences and critical seminars on the topic *The Contemporary Narrative Poem* examines this resurgence of narrative and the cultural and literary forces motivating it Gathering ten essays from poet critics who write from a wide range of perspectives and address a wide range of works the collection transcends narrow conceptions of narrative antinarrative and metanarrative The authors ask several questions What formal strategies do recent narrative poems take What social cultural and epistemological issues are raised in such poems How do contemporary narrative poems differ from modernist narrative poems In what ways has history been incorporated into the recent narrative poetry How have poets used the lyric within narrative poems How do experimental poets redefine narrative itself through their work And what role does consciousness play in the contemporary narrative poem The answers they supply will engage every poet and student of poetry *Prophecy and Its Cultic Dimensions* Lena-Sofia Tiemeyer, 2019-01-21 This collection of eight essays deals with a wide range of historical literary and methodological issues First what were the links between the cultic and the prophetic personnel Did prophets have ritual cultic functions in temples Did prophetic actions and or utterances play a role in the performance of the cult What were the ritual aspects of divinations Second how do literary texts describe the interaction between prophecy and cult Third how can various theories e g religious theory performance theory enable us to reach a better understanding of the interplay between divination and cultic ritual in ancient Israel and the wider ancient Near East Marian Broida explores the ritual elements as described in the biblical accounts of intercession Lester Grabbe revisits the important question of whether cultic prophecy existed in the Jerusalem temple in ancient Israel Anja Klein maintains that while Psalms 81 and 95 may indirectly testify to a form of cultic prophecy they do not themselves constitute cultic prophecy Jonathan St kl discusses the notion of triggering prophecy and suggests that enquiring of Yhwh may in itself be understood as a kind of ritualised behaviour John Hilber considers the performance of the rituals that accompanied prophetic affirmation of victory in the Egyptian cult Martti Nissinen looks more broadly at the question whether prophets in the ancient world functioned as ritual performers Lena Sofia Tiemeyer investigates the priests mediating and predictive functions as depicted in the Deuteronomistic History Alex Jassen argues that Jews in the Second Temple Period perceived the priests and the temple to be a new locus of prophetic activity **The Poetry of Life and the Life of Poetry** David Mason, 2000 In this collection the author writes some of the most original compelling well reasoned essays reviews on contemporary poetry Annotation Mason writes about poetry in
