## The Dogs Of Verse:

**The dog's book of verse** J.E. Clauson,2006 The Dog s Book of Verse by J Earl Clauson is a collection of poetry depicting the deep bond between humans and dogs likely written in the early 20th century This anthology captures various aspects of canine life emotions and the loyalty and companionship that dogs offer to their humans providing a heartfelt tribute to man s best friend The verses celebrate different stages of a dog s life including their playful puppyhood and their steadfast loyalty throughout their lives The opening of the work introduces us to several poems that celebrate the joy and affection dogs bring into our lives The first poem We Meet at Morn describes the sweet morning reunions between a dog and its owner setting a tone of warmth and companionship Other pieces like The Lost Puppy and My Friend continue this theme portraying the innocence and devotion inherent in dogs These early selections set the stage for exploring the myriad experiences and emotions shared between humans and their four legged companions inviting readers to reflect on the special place dogs hold in our hearts This is an automatically generated summary

*The Dog's Book of Verse*

*(Classic Reprint)* J. Earl Clauson,2017-11-24 Excerpt from The Dog s Book of Verse Matthew Arnold explaining why those

were his most popular poems which dealt with his canine pets Geist Kaiser and Max said that while comparatively few loved poetry nearly everyone loved dogs The literature of the anglo saxon is rich in tributes to the dog as becomes a race which beyond any other has understood and developed its four footed companions Canine heroes whose intelligence and

faithfulness our prose writers have celebrated start to the memory in scores Bill Sykes s white shadow which refused to be separated from its master even by death Rab savagely devoted the immortal Bob son of battle true souls all with hardly a villain among them for artistic contrast Even Red Wull the killer we admire for his courage and loyalty Within these covers is a selection from a large body of dog verse It is a selection made on the principle of human appeal Dia lect and the poems of the earlier writers whose diction strikes oddly on our modern ears have for the most part been omitted The place of such classics as may be missed is filled by that vagrant verse which is often most truly the power of inspiration About the Publisher
