The Dynamite War Irish American Bombers In Victorian Britain:

The Dynamite War Kenneth R. M. Short, 1979 The IRA in Britain, 1919-1923 Gerard Noonan, 2014 A study of the activities of violent republicans in Britain during the Irish War of Independence and Civil War 1919-1923 including gunrunning and their campaign of violence as well as the reaction of the authorities **Terror's Triumph** William Meier, 2024-11-19 The idea of modern terrorism and the practice of terrorist violence emerged in Britain's first colony Ireland before spreading through imperial networks to South and East Asia to Africa and to the Middle East. Thus empire not only birthed terror but also made it global. And the sheer spread, diversity, and longevity of that empire produced multiple stages in the evolution of terrorism from rural intimidation to urban guerilla warfare to homegrown radicalism. Indeed, today's global terror challenges the ethics of counter terrorism, the threats of Islamist and international terrorism, and the rise of homegrown right wing extremism. All have roots in colonialism. Irish-America and the Ulster Conflict, 1968-1995 Andrew J. Wilson, 1995 The Clinton administration's controversial decision to grant Sinn Féin leader Gerry Adams a visa to enter the U.S. and Adams's subsequent fundraising activities here have received wide media coverage. That the U.S. is playing a part in events concerning Northern Ireland should surprise no one. Americans of Irish descent have long used their economic and political power to influence events in Northern Ireland; this influence continues today as the two sides negotiate peace. Here Andrew J. Wilson tells the complex, fascinating story of Irish America's longtime role in the Ulster crisis. He sets the stage with a summary of Irish American involvement in Irish politics from 1800 to 1968 and then focuses on the growth and development of both militant and constitutional nationalist groups in the U.S. and their impact on events in Northern Ireland and on British policies there. His gripping narrative is based on interviews with leading activists on both sides of the Atlantic and extensive research through government records, materials in private collections, newspapers, and letters. Wilson gives a comprehensive account of how militant Irish American groups have supported the IRA through gunrunning, financial disbursements, and aid to members on the run. He analyzes tactics used by the various groups to win publicity and public sympathy for their cause and documents techniques employed by the FBI to break the gunrunning networks. In his examination of Irish American support for constitutional nationalism, Wilson focuses on the influence of the Friends of Ireland group in Congress and its attempts to shape British policy in Ulster. He shows how the lobbying of prominent Irish American politicians Edward M. Kennedy, Daniel P. Moynihan, Thomas P. O'Neill, and Hugh Carey influenced U.S. government policies and provided the Dublin government with leverage to use in diplomatic relations with the British. Wilson sheds light on the role played by the U.S. government probes the activities of reconciliation and investment groups and considers how Northern Ireland has been presented in the American media. This comprehensive study of Irish America's impact on the Troubles in Northern Ireland will be of immediate interest not only to Americans of Irish descent but to all with an interest in modern history and U.S. British relations. Andrew J. Wilson was born in Dungannon, Northern Ireland, of mixed Protestant and Catholic

ancestry He studied at Manchester Polytechnic and Queen s University Belfast and later earned his Ph D in European history from Loyola University of Chicago where he now teaches His writings have appeared in a number of journals including Eire Ireland The Recorder and The Irish Review By far the best study of Irish America and the Northern Ireland problem

Foy,2014-10-01 Long overshadowed by fellow republicans Patrick Pearse and James Connolly Tom Clarke was the man who made the Easter Rising possible During an extraordinary life dedicated to Irish freedom he rose from humble origins and endured thirty years of struggle imprisonment and exile before becoming a master conspirator in the Easter Rising Endowed with a charisma and moral ascendancy he held together a disparate group of followers and they in turn recognised his indispensable leadership by insisting that his name alone should have pride of place on the Proclamation It was a gesture that in a sense guaranteed Clarke immortality it also proved to be also his death warrant But death held no terrors for Clarke who was to die satisfied in the belief that with the sight of a tricolour flying over the GPO he had changed the course of Irish history

Power to the People Audrey Kurth Cronin,2020 Never have so many possessed the means to be so lethal The diffusion of modern technology robotics cyber weapons 3 D printing autonomous systems and artificial intelligence to ordinary people has given them access to weapons of mass violence previously monopolized by the state In recent years states have attempted to stem the flow of such weapons to individuals and non state groups but their efforts are failing Based on hard lessons from previous waves of weapons technology such as dynamite and the assault rifle Power to the People explains what the future may hold and how we should respond **Killing Strangers** Tim Wilson,2020 A bewildering feature of so much contemporary political violence is its stunning impersonality with every city centre a potential shooting gallery every metro system a potential bomb alley Killing Strangers explores how acts of political violence have changed over time becoming unchained from inter personal relationships

Intriligator,John P. Sullivan,2007-01-24 This volume shows us that in order to deal with today s Fourth Generation asymmetric warfare by terrorist groups using conventional arms and weapons of mass destruction we need a new global networked approach The contributors examine the various attempts that have been made to counter the latest wave of terrorism including the US strikes against Afghanistan and Iraq President George W Bush s declaration of a war against terrorism the creation of the US Department of Homeland Security and the 9 11 Commission Drawing from our experience with Terrorism Early Warning and the co production of counter terrorism intelligence this book explains the need for such a network and shows how it could be formed It compiles the opinions of experts from clinical medicine public policy law enforcement and the military These expert contributors identify the nature of a global counter terrorism network show how it could be created and provide clear guidelines for gauging its future effectiveness This book will be of great interest to all students of terrorism studies US national security international relations and political science in general **The Irish in**

Britain, 1815-1914 Graham Davis,1991 War in the Shadows Shane Kenna,2013-11-30 xx **The Irish in Victorian Britain** Roger Swift,Sheridan Gilley,1999 This book illustrates the diversity of the Irish experience by reference to studies of specific towns and regions which have hitherto received little attention from historians of the Irish in Britain during the Victorian period **The Irish in Britain, 1815-1939** Roger Swift,Sheridan Gilley,1989 **Irish Terrorism in the Atlantic Community, 1865-1922** Jonathan Gantt,2010-04-29 Using a transnational approach this volume surveys the origins of Irish terrorism and its impact on the Anglo Saxon community during an era of intense imperialism While at times it posed sharp disagreements between Britain and the United States their ideological repulsion to terrorism later led to cooperation in counter terrorism strategies IRA, the Bombs and the Bullets A. R. Oppenheimer,2009 A comprehensive account of more than 150 years of Irish republican strategic tactical and operational details and analysis covering the IRA s mission doctrine targeting and acquisition of weapons and explosives *Ireland and Australia, 1798-1998* Philip Bull,Frances Devlin-Glass,Helen Doyle,2000 Australia s principal scholarly commemoration of the Irish Rebellion of 1798 and its outcomes for both countries represented in one volume by 32 selected papers from across the Humanities arranged in five broad strands 1798 and its remembrance The Irish Diaspora Northern Ireland Literature and Culture Twentieth Century Ireland The American Irish and Irish Nationalism Seamus P. Metress,1995-11 The American Irish have traditionally participated in Irish national liberation struggles an involvement stretching back to the 1840s This work is the most complete survey of sources covering this participation It will be of immense value to those working in the area of ethnic studies political science history and popular culture A historical sketch provides an overview of the motivations and the changing nature of Irish American involvement critiques earlier models for the origins of this involvement and creates the chronological framework used by the bibliography The annotated bibliography lists the available scholarly and popular literature on the subject and includes useful sections devoted to archival sources and general references The Irish Policeman, 1822-1922 Elizabeth Malcolm,2006 This book analyzes the working and domestic lives of the nearly 90 000 men who served in the Irish police between the establishment of a national constabulary in 1822 and the disbandment of the Royal Irish Constabulary in 1922 It is constructed as a collective biography tracing the lives and careers of policemen from birth to death The book draws upon a wide range of sources some never used before They include the results of the analysis of a random sample of 8 000 officers and men unpublished police memoirs and other personal documents and the letters of some 200 descendants of policemen For over a century the Constabulary was the most powerful arm of British government in Ireland yet after the Famine its members were overwhelmingly Catholic nationalists The book considers how such men reconciled their Irish nationalism with their work for the British state and how their children and grandchildren dealt with being the descendants of policemen The Irish in Mid-Victorian Lancashire W. J. Lowe,1989 The largest concentration of Irish immigrants in Victorian England was found in Liverpool Manchester and neighboring towns of industrial Lancashire

This book uses local sources from census book data to police reports to reconstruct a comprehensive social history of this important working class community. The Irish became prominent in Lancashire town life when thousands arrived as fugitives from the great famine of the 1840s. Over a quarter century they used their Irish cultural heritage and experience to form themselves into a distinctive and mature community. Detailed analyses of how they lived and worked and their relationships with their English neighbors create the social context for the development of a sophisticated community life and identity that produced a uniquely Lancashire brand of Irish nationalism.

The Black Hand of Republicanism

Fearghal McGarry, James McConnel, 2009. Established in 1858 the Irish Republican Brotherhood was a secret oath bound movement dedicated to bringing about revolution in Ireland. This book is a result of a major conference to mark the 150th anniversary of the founding of the Irish Republican Brotherhood and includes essays on Fenianism in its diasporic transnational and imperial context political violence republican ideology and popular politicisation culture religion and identity and memory and commemoration. This is the first publication to consider Fenianism as the truly international phenomenon it represented and includes essays from international scholars assessing the impact of Fenianism a movement founded in America by the Irish immigrant community throughout Ireland Britain continental Europe the Americas and Australasia. The book spans the full chronological range of Fenian movement from its origins in the aftermath of the Young Ireland movement through its existence as a mass revolutionary movement in the 1860s the long period as an underground revolutionary conspiracy culminating in its role as the driving force of the Irish revolution between 1916 and 1921.

Empire of Analogies

Kaori Nagai, 2006. Empire of analogies examines Kipling's representation of the Irish in his Indian stories while tracing his changing views of the Empire as the hegemony of British imperialism faltered towards the end of the nineteenth century. It raises an important question regarding the place of Ireland in the Empire namely why do his Irish characters especially the eponymous hero of Kim have to be represented in India. Empire of analogies seeks to answer this colonial riddle by placing it within the context of the imperial connections between British colonies. It argues that Indo Irish analogies and comparisons became especially important in representing imperial integrity in the late nineteenth century and as such became the very site where the image of the British Empire was contested book jacket.
