**Mark of the Beast** Alfredo Bonadeo, 1989-01-23 The First World War is a watershed in the intellectual and spiritual history of the modern world On the one hand it brought an end to a sense of optimism and decency bred by the prosperity of nineteenth century Europe On the other it brought forth a sense of futility and alienation that has since pervaded European thought That cataclysmic experience is richly reflected in the work of writers and artists from both sides of the conflict and this study provides a detailed analysis of two basic themes death and degradation that mark the literature about the war From their accounts most men entered the war lightheartedly filled with ideals of patriotism and glory but these generous feelings were soon quelled as the war settled into a stalemate its operations reduced to simply grinding away the opposing forces In these operations Alfredo Bonadeo shows men became mere aggregations thrown against one another wasted with no appreciable effects or gains save carnage itself This cheapening and disregard for human life and being Bonadeo finds rooted not only in the conditions of war but significantly in a contempt for the common man prevailing in European political and intellectual circles This attitude is revealed most plainly in his analysis of the Italian literature which hitherto has received little note Italian leaders saw the war as an opportunity to expiate a sense of national guilt and here the inconclusive campaigns made their futility all the greater Out of the torn fields of the First World War grew the seeds of a second greater conflict but Professor Bonadeo concludes the flowering of the seeds was aided by the degradation of man's spirit on those fields The grim focus of this book the dead voices it evokes leads to a new appreciation of the meaning of the Great War

**The Early Life and Adventures of Sylvia Scarlett, Etc** Compton Mackenzie, 1919      **Lesbian Modernism** English Elizabeth English, 2014-11-11 The first book length study to explore the importance of genre fiction for the body of literature we call lesbian modernism Elizabeth English explores the aesthetic dilemma prompted by the censorship of Radclyffe Hall's novel *The Well of Loneliness* in 1928 Faced with legal and financial reprisals women writers were forced to question how they might represent lesbian identity and desire Modernist experimentation has often been seen as a response to this problem but English breaks new ground by arguing that popular genre fictions offered a creative strategy against the threat of detection and punishment Her study examines a range of responses to this dilemma by offering illuminating close readings of fantasy crime and historical fictions written by both mainstream and modernist authors English introduces hitherto neglected women writers from diverse backgrounds and draws on archival material examined here for the first time to remap the topography of 1920s 1940s lesbian literature and to reevaluate the definition of lesbian modernism

**Key Features** Rethinks the lesbian modernist project to demonstrate that genre fiction not only influenced modernist writers such as Woolf and Stein but also found its way into their ostensibly highbrow work Brings to light hitherto neglected mainstream writers working in popular genres who contributed to the lesbian modernist aesthetic Situates Katharine Burdekin within the context of lesbian modernism for the first time employing hitherto unseen archive material including letters and manuscripts Divided into three broad multi author genres fantasy historical and detective fictions the study covers popular fictions such as utopian writing the supernatural historical biography historical romance and the classic country house crime novel

*Fifty Hollywood Directors* Suzanne Leonard, Yvonne Tasker, 2014-11-20 *Fifty Hollywood Directors* introduces the most important iconic and influential filmmakers who worked in Hollywood between the end of the silent period and the birth of the blockbuster By exploring the historical cultural and technological contexts in which each director was working this book traces the formative period in commercial cinema when directors went from pioneers to industry heavyweights Each entry discusses a director's practices and body of work and features a brief biography and suggestions for further reading Entries include Frank Capra Cecil B DeMille John Ford Alfred Hitchcock Fritz Lang Orson Welles DW Griffith King Vidor This is an indispensable guide for anyone interested in film history Hollywood and the development of the role of the director

**George Cukor's People** Joseph McBride, 2024-12-17 The director of classic films such as *Sylvia Scarlett* *The Philadelphia Story* *Gaslight* *Adam's Rib* *A Star Is Born* and *My Fair Lady* George Cukor is widely admired but often misunderstood Reductively stereotyped in his time

as a woman's director a thinly veiled disparaging code for gay he brilliantly directed a wide range of iconic actors and actresses including Cary Grant Greta Garbo Spencer Tracy Joan Crawford Marilyn Monroe and Maggie Smith As Katharine Hepburn the star of ten Cukor films told the director All the people in your pictures are as goddamned good as they can possibly be and that's your stamp In this groundbreaking lavishly illustrated critical study Joseph McBride provides insightful and revealing essayistic portraits of Cukor's actors in their most memorable roles The queer filmmaker gravitated to socially adventurous subversively rule breaking audacious dreamers who are often sexually transgressive and gender fluid in ways that seem strikingly modern today McBride shows that Cukor's seemingly self-effacing body of work is characterized by a discreet way of channeling his feelings through his actors He expertly cajoled actors usually gently but sometimes with bracing harshness to delve deeply into emotional areas they tended to keep safely hidden Cukor's wry wit his keen sense of psychological and social observation his charm and irony and his toughness and resilience kept him active for more than five decades in Hollywood George Cukor's People gives him the in-depth multifaceted examination his rich achievement deserves
