

TASER X2 CEW Quick Start Guide

English (U.S./Canada/Australia/U.K.)

Hardware

X2 CEW (cartridges sold separately)

Additional battery packs are available. See www.axon.com for details.

Quick Reference

Complete Training First. Significant differences exist between each of the Axon Enterprise, Inc. TASER Conducted Electrical Weapon ("CEW") models. Do not use or attempt to use any CEW model unless you have been trained and certified by a Certified TASER Instructor on that particular model. See www.axon.com, axon.com/au/, axon.com/uk/ for the most current warnings.

Step 1:

Place the Safety Switch in the SAFE Position

NOTE: Before using your X2 CEW, confirm with your armorer or other qualified person that the X2 firmware has been updated.

The ambidextrous safety can be operated from either side. Shift the safety switch to the down (SAFE) position.

Step 2:

Inspect and Install the Battery Pack

1. Inspect the battery pack contacts to confirm they are clean and free of damage (Fig. 1).
2. Install the new battery pack and confirm that it is fully inserted into the X2 CEW (Fig. 2).
 - Apply sufficient force to ensure it is fully seated.
 - When the battery pack seats properly, the battery release button should pop out from the recessed position with an audible click.

Step 3:

Remove the Cartridge Shipping Cover

Smart Cartridges are sold separately. Remove shipping covers before attempting to load a Smart Cartridge into an X2 CEW.

1. Hold the cartridge over a table or other close by surface so the cartridge will not fall to the floor if it is dropped.
2. Hold the cartridge so the blast doors are facing away from you and others. The blast doors are on the front of the cartridge, behind the solid portion of the cartridge cover with the word REMOVE on it.
3. Find the cartridge tab sticking out the rounded side of the shipping cover.
4. Push against this tab while pulling the cartridge out. You might consider pushing on the cartridge with your thumbs and holding the cover with your fingers. There should be an audible click when the cover releases the cartridge.
5. Pull the cartridge out of the cover.
