The Discontented Mother:

The Girl of the Period Elizabeth Lynn Linton, 1883 The Unhappy Divorce of Sociology and Psychoanalysis Lynn Chancer, John Andrews, 2014-08-05 A collection of 18 contributions by well known scholars in and outside the US The Unhappy Divorce of Sociology and Psychoanalysis shows how sociology has much to gain from incorporating rather than overlooking or marginalizing psychoanalysis and psychosocial approaches to a wide range of social topics The Shi King, the Old "Poetry Classic" of the Chinese William Jennings, 1891 *Unhappy mothers* Sarah Crook, 2025-07-29 In the decades following the Second World War mothers experiences of loneliness boredom and unhappiness were increasingly widely acknowledged The language of postnatal depression came to be attached to this but mothers organised around their own discontent in ways that challenged the medical model Unhappy mothers draws attention to the social political and professional contexts within which knowledge about unhappy mothering developed Drawing upon an extensive range of archival material the book addresses themes around expertise feminism and the value given to lived experience

Competing Devotions Mary Blair-Loy, 2009-07 The wrenching decision facing successful women who must choose between demanding careers and intensive family lives has been the subject of many articles and books most of which propose strategies for resolving the dilemma Competing Devotions focuses on broader social and cultural forces that create women s identities and shape their understanding of what makes life worth living Mary Blair Loy examines the career paths of women financial executives who have tried various approaches to balancing career and family These mavericks who face great resistance but are aided by new ideological and material resources that come with historical change may eventually redefine both the nuclear family and the capitalist firm in ways that reduce work family conflict Table of Contents Introduction 1 The Devotion to Work Schema 2 The Devotion to Family Schema 3 Reinventing Schemas Creating Part Time Careers 4 Reinventing Schemas Family Life among Full Time Executive Women 5 Turning Points 6 Implications Appendix Methods and Data Notes References Acknowledgments Index Many professional women intuit that male colleagues whose spouse handle for them the details of everyday life are favored in the workplace Blair Loy confirms this intuition and shows us how it happens She captures how the cultural schemas of family devotion and work devotion contribute to the reproduction of gender inequality and how meeting the demands of a husband s job and other people s needs push professional women to progressively abandon their work to take care of others Her analysis also gives us hope by comparing the fate of pre and post baby boomers This is both an important scholarly contribution and a book that will help readers think differently about their lives It should be required reading for professional women who aspire to maintain multidimensional lives Mich le Lamont author of *The Dignity of Working Men* Morality and the Boundaries of Race Class and Immigration This is a fascinating book with an important message Blair Loy s findings are surprising She challenges conventional viewpoints She is on to something really new when she writes about not only the interplay between cultural norms and individual actions and institutional

structures but on the cultural schemas that evoke deep emotional resonances An outstanding book Cynthia Fuchs Epstein author of *Deceptive Distinctions Sex Gender and the Social Order* Mary Blair Loy s book transcends old debates about work and family by examining the women who have beaten the odds and risen to the top Her detailed examination of careers and strategies perfectly complements her subtle analysis of the schemas and visions these women have for their lives Blair Loy has given us not only a splendid view into a little known world but also a new way of understanding the dynamic interplay of work and family Looking beyond the static conflict we have studied so much she shows how creative women put traditional schemas of family and work into a mutual transformation to build for themselves a new and more livable world Andrew Abbott author of *Time Matters* *The Saturday Review of Politics, Literature, Science and Art* ,1874 *Brotherhood of Locomotive Engineer's Monthly Journal* ,1899 *Christian Work* ,1896 *The Illustrated American* ,1895 **The Mothers' Journal and Family Visitant** Eliza Crosby Allen,Ira M.
