## **The Divorce Reform Act 1969:**

*Fifty Years of the Divorce Reform Act 1969* Rebecca Probert, Daniel Monk, Joanna Miles, 2022 The enactment of the Divorce Reform Act 1969 was a landmark moment in family law. Coming into force in 1971 it had a significant impact on legal practice and was followed by a dramatic increase in divorce rates reflecting changes in social attitudes. This new interdisciplinary collection explores the background to the 1969 Act and its influence on law and society. Bringing together scholars from law, sociology, history, demography and film and literature it reflects on the changes to divorce law and practice over the past 50 years and the changing impact of divorce on different people in society, particularly women. As such it offers a biography of this important piece of legislation moving from its conception and birth through its reception and development to its imminent demise. Looking to the future and to the new law introduced by the Divorce Dissolution and Separation Act 2020 this collection suggests ways for evaluating what makes a good divorce law. This brilliant collection gives insight not only into this crucial piece of legislation but also into a key period of societal change. Hashim, Azizah Mohd, Normi Abd. Malek, Mohd Hisham Mohd Kamal, 2024-01-04 The second edition of Family Law Non Muslims in Malaysia is generally an improved version from the first edition which was published ten years ago and heavily referred to by law students as a textbook. It discusses the substantive family laws related to the non Muslims in Malaysia which are based on the Law Reform Marriage and Divorce Act 1976 and several other supplementary statutes. Besides updating the previous chapters on family law matters the book updates the global concern on the appropriate law when dealing with family related disputes in the 21st century. The new topics on reconciliation and mediation are incorporated to emphasise the need for therapeutic intervention when dealing with personal relationships and encourage kindness even in the most difficult of circumstances which can have significant longer term consequences and lead to higher levels of considerate behaviour. The philosophy of family love and kindness must be well embraced by family law lawyers, judges and administrators of family law in the adjudication process. The book is jointly authored by family law

lecturers at the Ahmad Ibrahim Kulliyah of Laws International Islamic University Malaysia It will benefit not only students academics and practitioners but also those in the legal fraternity and those who have interest in non Muslims family law in Malaysia Finally this book could not have been published without a great deal of help and encouragement from many sources

Quiet Revolutionaries Sharon Thompson,2022-09-08 This book tells the untold story of the Married Women s Association Unlike more conventional histories of family law which focus on legal actors it highlights the little known yet indispensable work of a dedicated group of life long activists Formed in 1938 the Married Women s Association took reform of family property law as its chief focus The name is deceptively innocuous suggesting tea parties and charity fundraisers but in fact the MWA was often involved in dramatic confrontations with politicians civil servants and Law Commissioners The Association boasted powerful public figures including MP Edith Summerskill authors Vera Brittain and Dora Russell and barrister Helena Normanton They campaigned on matters that are still being debated in family law

today Quiet Revolutionaries sheds new light upon legal reform then and now by challenging longstanding assumptions showing that piecemeal legislation can be an effective stepping stone to comprehensive reform and highlighting how unsuccessful bills though often now forgotten can still be important triggers for change Drawing upon interviews with members friends and family and thousands of archival documents the book is compulsory reading for lawyers legal historians and anyone who wishes to explore histories of law reform from the ground up Winner of the SLSA Socio Legal Theory and History Book Prize 2023 To listen to podcast episodes about the Married Women s Association featuring interviews and archival research visit [quietrevolutionaries podbean com](https://quietrevolutionaries.com)      Studies in Canadian Family Law Derek Mendes da Costa,1972
