Science Fiction Magazine Story Index, 1926-1995 Terry A. Murray, 1999 Since the appearance of the first science fiction magazine in 1926 thousands of short stories have been published in periodicals devoted to the genre These stories cover a wide range of subjects from spacecraft to the human condition and feature little known authors as well as masters like Ellison and Asimov In the past finding which issue of what magazine ran a certain story was nearly impossible This much needed reference tool provides valuable assistance in the daunting task of locating short stories published in science fiction magazines providing exhaustive indexes to magazines authors and titles allowing a variety of options for research on 34 000 stories appearing in nearly 5 000 issues of 133 genre magazines Stories from all major American publications as well as from several minor periodicals are indexed Also included is an appendix of the best known

and most prolific contributors giving the titles of all their stories in this work necessary because the huge author index does not show titles A guide to how to use this book clarifies its features for the researcher **Frank Herbert SF Gateway**

Omnibus Frank Herbert, 2013-08-15 From The SF Gateway the most comprehensive digital library of classic SFF titles ever assembled comes an ideal sample introduction to one of the giants of 20th century science fiction Frank Herbert Although best known for his award winning Dune Herbert's other work is equally ambitious and accomplished This omnibus contains three novels spanning some 20 years of Herbert's career The Dragon in the Sea The Santaroga Barrier and The Dosadi Experiment THE DRAGON IN THE SEA In the endless war between East and West oil has become the ultimate prize Nuclear powered subtrugs brave enemy waters to tap into hidden oil reserves Psychologist John Ramsay has gone undercover aboard a Hell Diver subtrug where hunted relentlessly by the enemy the crew find themselves isolated in a claustrophobic undersea prison struggling for survival against the elements and themselves THE SANTAROGA BARRIER Santaroga seemed to be nothing more than a prosperous farm community But there was something different about Santaroga Maybe Santaroga was the last outpost of American individualism Maybe they were just a bunch of religious kooks Or maybe there was something extraordinary at work in Santaroga Something far more disturbing than anyone could imagine THE DOSADI EXPERIMENT Generations of a tormented human alien people caged on a toxic planet conditioned by constant hunger and war this is the Dosadi Experiment and it has succeeded too well For the Dosadi have bred for Vengeance as well as cunning and they have learned how to pass through the shimmering God Wall to exact their dreadful revenge on the Universe that created them
