## **The Early Church And The State Sources Of Early Christian Thought:**

The Early Church and the State Agnes Cunningham,1982      **A Biblical Theology of Material Possessions** Gene A. Getz,2012-04-01 Some researchers estimate that evangelical Christians give an average of 2 percent of their income to further the kingdom of God Such a practice reveals a theology of material possessions that is clearly out of line with God s Word Gene Getz in an extensive search reveals intriguing detailed information on the subject of material possessions based on Scripture The synthesis of this and selected extrabiblical literature resulted in the formation of more than 120 biblical principles that can be applied by any person in any culture Dr Getz not only shares these principles but offers guidance for church leaders and laypeople who want to apply them in their church      **Caesar and the Lamb, Second Edition** George Kalantzis,2025-05-30 Through the available patristic writings Caesar and the Lamb focuses on the attitudes of the earliest Christians on war and military service Kalantzis provides the reader with many new translations of pre Constantinian texts and tells the story of the struggle of the earliest church to bear witness to the nations that enveloped them as they transformed the dominant narratives of citizenship loyalty freedom power and control Kalantzis examines writings on war and military service in the first three centuries of the Christian church in an organized manner but the ways the communities of Christ at the margins of power and society thought of themselves and the state are not presented here through the lens of antiquarian curiosity At the heart of Caesar and the Lamb is a desire to understand the world in which Christianity arose and to ask questions of the past that may help us understand the early character of the Christian faith with the hope that such an enterprise will also help us evaluate its expression in our own time      **Voices of Early Christianity** Kevin W. Kaatz,2013-02-27 This fascinating resource examines the day to day lives of early Christians as depicted through documented accounts of the period from the beginning of Christianity through 325 CE Early Christianity drew its doctrine from a variety of sources personal interpretation Hebrew scriptures and church council yet the core ideology endured even as the religion transitioned from being the object of persecution to becoming a legal institution in the Roman Empire This book celebrates the voices that helped create and develop Christianity during that period **Voices of Early Christianity Documents from the Origins of Christianity** is a collection of excerpts from significant documents from early Christian history organized topically then listed chronologically within each section The author compares textual variations among the works of the apostles as well as key themes over time and frames the discussion for further critical thinking Topics include sexuality marriage and divorce food issues women in early Christianity and politics and Christianity      **T&T Clark Handbook of the Early Church** Ilaria L.E. Ramelli,J.A. McGuckin,Piotr Ashwin-Siejkowski,2021-12-16 Exploring the key documents authors and themes of Early Christian traditions this volume traces the vital trajectories of emerging distinctive Christian identity in the Graeco Roman world Special attention is given to the coherent growth of Christian faith in connection with worship alongside the crucial transformation of Christian life and doctrine under the Christian Emperors As well as offering a chronological

development of the Early Church the book examines the interaction between Christian worship and faith In addition readers interested in systematic theology can refer to chapters on the roots of some significant theological notions in Christian Antiquity also with reference to ancient philosophy Issues addressed include Distinctiveness of the Christian identity during the first centuries Diversity of communities and their theologies Connection between faith and worship Transition from the persecuted minority to triumphant Church with Creeds History of early Christian thought and modern systematic theology
