The Dark Side:

The Dark Side of News Fixing Syed Irfan Ashraf, 2021-11-02 This book provides a local journalist's perspective on a four decade long regional contribution to global news production. It shows how the fixers' risky news pursuits made possible for global media to access distant regions and dangerous caves on Pakistan and Afghanistan borders causing unprecedented deaths of the local reporters in the context of the U.S. led war on terror. The book analyzes the fixer as a role in its relationship with militarization. It is not a coincidence that fixers become valuable to commercial media only during the height of violence or crises. Emerging under conditions of scarcity or war, the value of this role in turn is intrinsically tied to the fear of extinction. It is this vulnerability or perceived expendability imposed by the need to find work that binds fixers in a symbiotic relationship with global market and global war. This book then serves as a vantage point from which one can clearly see the connection between the regional wars and commercial media as well as local journalists' transformation into daily wage earners in a global media shift toward neoliberalism.

Blackbird and the Dark Side of the Moon J.L. Tomlinson, 2021-10-25 Every fifty years it wakes. Every fifty years it feeds. Fresh off bagging their latest bounty, Sal and Morgan Tripp are broke again. Finding themselves stranded in the middle of nowhere with an empty gas tank, it's almost too good to be true when charming captain Astra books passage aboard the Tripp's recently acquired ship, Blackbird. Offering a small fortune for what appears to be a straightforward job, Sal and Morgan agree to transport Astra to Mira 5 where his ship awaits despite the suspicious behaviour of Astra's fresh crew of misfits which includes a psychotic serial murderer familiar to Morgan. While en route, Sal overhears the crew's mutinous plans for their new captain and even though you're supposed to mind your own business in Morpheus, she can't abide bad things happening to decent people. But there is something worse waiting for them in the depths of space, something ravenous. Sal and Morgan could make a tidy profit from this trip, but first they'll need to escape the dark side of the moon alive. *Blackbird and the Dark Side of the Moon* is a special Halloween release which takes place in the universe of the full length novel *Light Tripper*. This prequel novella contains elements of horror and gore.
