

The background of the image shows four people standing on a dark beach at sunset. They are silhouetted against a bright, orange and yellow sky. The people are arranged in a circle, holding hands or standing close together, with their arms raised in the air, suggesting a celebratory or motivational pose. The overall mood is one of achievement and triumph.

The Discipline of Crevices June Dwyer, 1982

Rethinking Women's and Gender Studies Volume 2 Catherine M. Orr, Ann Braithwaite, 2023-11-23 The second volume of Rethinking Women's and Gender Studies addresses the complexities and inherent paradoxes within the expansive knowledge project known as Women's and Gender Studies for audiences both inside and adjacent to the field Each of the volume's chapters identifies and critically examines a key term that circulates in this field exploring how the term has come to be understood and mobilized within its everyday narratives and practices In constructing provocative genealogies for their terms authors explicate the roles that this language and the narratives attached to it play in producing and limiting possible versions of the field The ongoing aim of Rethinking Women's and Gender Studies both in the original volume and this entirely new extension is to trace and expose important paradoxes ironies and contradictions embedded in the field from its high theory to its casual conversations that rely on these terms Forging collective conversation and intellectual community from its thoughtful and critical lines of inquiry the second volume of Rethinking Women's and Gender Studies remains bracingly original and full of fresh insight It provides a perfect complement for Feminist Theory Senior Capstone and introductory graduate level courses offered in Women's and Gender Studies and related fields

**Forms of Fanonism** Reiland Rabaka, 2010-03-08 When Frantz Fanon's critiques of racism sexism colonialism capitalism and humanism are brought into the ever widening orbit of Africana critical theory something unprecedented in the annals of Africana intellectual history happens five distinct forms of Fanonism emerge Forms of Fanonism Frantz Fanon's Critical Theory and the Dialectics of Decolonization is discursively distinguished from other engagements of Fanon's thought and texts insofar as it is the first study to consciously examine his contributions to Africana Studies and critical theory or rather the Africana tradition of critical theory Forms of Fanonism identifies and intensely analyzes Fanon's contributions to the deconstruction and reconstruction of Africana Studies radical politics and critical social theory In highlighting his unique solutions to the problems of racism sexism colonialism capitalism and humanism five distinct forms of Fanonism materialize These five forms of Fanonism allow contemporary critical theorists to innovatively explore the ways in which his thought and texts can be dialectically put to use in relieving the wretched

experience of this generation's wretched of the earth. Critics can also apply these forms to deconstruct and reconstruct Africana Studies radical politics and critical social theory using their anti-imperialist interests. Throughout *Forms of Fanonism*, Reiland Rabaka critically dialogues with Fanon incessantly asking his corpus critical questions and seeking from it crucial answers. This book in short solemnly keeps with Fanon's own predilection for connecting critical theory to revolutionary praxis by utilizing his thought and texts as paradigms and points of departure to deepen and develop the Africana tradition of critical theory.

**Free at Last in Paradise** Ananda W. P. Guruge, 1998-12-19 **FREE AT LAST IN PARADISE** is a historical novel on Sri Lanka. This Island nation of great antiquity had been known to the Greeks and the Romans as Taprobane, to the Arabs as Serendip, to the Portuguese as Ceilao, and to the Dutch as Ceylaan. A British Colony from 1796 to 1948, it has been known as Ceylon until, as a republic in 1972, it reverted to its age-old nomenclature of Sri Lanka. Its rich culture, as reflected by an astounding heritage of monuments, literature, art, religious traditions, and social values, has merited many scholarly works. This is a pioneering work in that a reputed scholar-diplomat of Sri Lanka has chosen the medium of fiction to share the highlights of this heritage with the worldwide English-reading public. It is a fictography or a fictional biography which draws aside curtains and allows the reader to enter a world to which other authors had not been privy. One of the central characters grows to adulthood and death. Portraying Sri Lanka's march to Independence over well nigh a century, the novel highlights the role of Colonel Henry Steel Olcott, Madame Blavatsky, and other Theosophists of USA who spearheaded the struggle of this British Colony for liberation through the revival of Buddhism and nationalistic sentiments. The key characters are renowned protégés of Olcott who continue to be hailed and honored as a foremost national leader. The book will be read with pleasure, says David Vickery of Britain, by those who love Ceylon and introduce those who have no knowledge of the country to a fascinating society.
