

DIVORCE MYTHS

DIVORCE CLUB

1 Divorce is Always Acrimonious

Well, hold your horses! Not all divorces are like courtroom dramas. Many couples choose to part ways with as much drama as a snoozefest on a Sunday afternoon.

2 Mothers Always Get Custody

Sorry, folks, but it's not always "Moms Rule!" These days, courts put on their superhero capes and make custody decisions based on what's best for the little superheroes.

3 Divorce is Always Expensive

Divorce can be a budget buster, but it doesn't have to be the financial apocalypse.

There's no need to mortgage the house just to pay the lawyers.

Options like DIY divorce can save you a pretty penny.

4 You Can Hide Assets

Thinking of pulling a disappearing act with your assets?

Not a great idea. Courts have their own magic tricks for uncovering hidden treasures.

You can't just make assets vanish like a magician's rabbit!

5 Assets are Always Split 50/50

Forget about "everything in half."

The courts are more like fairy godmothers than strict accountants, making sure assets are divided fairly, not necessarily equally.

6 You Have to Prove Fault

Nope, you don't need a smoking gun or a detective's hat to get a divorce.

Many places offer "no-fault" divorces. Just tell them the love boat has sailed.

7 Guaranteed Alimony

Sorry, but you can't just order alimony like your morning coffee.

Courts consider all sorts of things, like financial needs and abilities. No alimony menu here!

8 End of a Family

Newsflash: divorce isn't the end of the world! Families can change shape, but they're still families. With co-parenting, the show goes on even if it's a bit different.

9 Your Spouse has to Agree to Divorce

While it's nice to have a mutual agreement, you don't need a unanimous vote.

One spouse can launch the spaceship to Splitsville if they've had enough. It takes two to tango, but only one to file for divorce.

Divorce may not be all sunshine and rainbows, but a little humour and understanding can help ease the journey. Cheers to a brighter future!

Remember, You don't have to go through divorce alone:

Watch a Video *Divorce: A Psychosocial Study* Shelley Day Sclater,2017-07-05 Several jurisdictions have attempted to render divorce more harmonious by abolishing matrimonial fault and facilitating the resolution of divorce disputes by mediation In Britain these provisions appear in the Family Law Act 1996 The book presents a challenge to the underlying assumptions that conflict and the adversarial system are undesirable Its focus is on adults experiences of divorce In a series of interviews divorcing people told their own stories of divorce The personal narratives revealed that divorce can be emotionally traumatic but it has positive sides too The emotions of divorce are not pathological but are readily explicable as ordinary human coping strategies in the context of the real material privations that many divorcing people suffer These coping strategies often involve conflict and acrimony From a psychodynamic perspective it is argued that these are integral

and psychologically necessary aspects of the divorce process This book is particularly topical in the light of the recent decision of the British Government to postpone the implementation of the Family Law Act 1996 and the acknowledged need for research to inform policy
