*Doctrine of Revelation* A.W Pink,Rev Terry Kulakowski, Editor,2015-11-30 What we propose doing in this book namely to make a serious attempt to assist some of those who have inhaled the poisonous fumes of infidelity and been left in a state of mental indecision concerning sacred things Our principal object will be to set forth some of the numerous indications that the Bible is something far superior to any human production and give some of the rules which require to be heeded if the

Scriptures are to be properly interpreted and though their scope will go beyond the general title of Divine revelation yet they will complement and complete the earlier ones

### **The Doctrine of Revelation**

Gabriel J. Fackre,1997 This book ventures a new interpretation of revelation The author discusses the major themes in the narrative of revelation engaging critically with four of the century s giants in theology Karl Barth Paul Tillich Karl Rahner and Carl Henry These represent the four major phases in the narrative of revelation and Fackre addresses these alternative views in twentieth century theology through in depth inquiry and critical analysis The Doctrine of Revelation challenges reductionist views and strives for an ecumenical understanding that appropriates the insights from a variety of schools of thought

### **Engaging the Doctrine of Revelation**

Matthew Levering,2014-11-11 How do human beings today receive divine revelation Where and in what ways is it mediated so that all generations can hear the fullness of the gospel In this volume distinguished theologian Matthew Levering shows that divine revelation has been truthfully mediated through the church the gospel and Scripture so that we can receive it in its fullness today Levering engages past and present approaches to revelation across a variety of traditions offering a comprehensive historical study of all the key figures and perspectives His thorough analysis results in an alternative approach to prevailing views of the doctrine and points to its significance for the entire church

**The Doctrine of Revelation** Arthur W. Pink,1977    *The Doctrine of Revelation* Arthur Walkington Pink,1975    **A Critical Examination of the Doctrine of Revelation in Evangelical Theology**

Carisa A. Ash,2015-07-14 How God reveals himself is an important matter for Christians especially evangelicals For too long Carisa Ash contends evangelicals have rightly affirmed that God reveals through the created world but then they functionally neglect such revelation In this monograph Ash offers a corrective to this practice by presenting a theology of revelation that explores the commonalities between various forms of revelation world written and spoken word and Incarnate Word Particularly aimed at theologians interested in theological method Ash s study will also benefit people interested in faith and learning or interdisciplinary integration Ash argues that evangelicals must strive to align more closely their affirmations and their practice Her critique of current practices in theological method and integration along with the proposed theology of revelation are designed to help move the conversation forward

*Revelation and Reason* Emil Brunner,1946 To many people both inside the Chruch and outside it what goes on in the Church is either routine or irrelevant Consequently what the Church has to say is not very meaningful Why should people listen to what the Church has to preach and think about it No one is better qualified to answer this

question than Professor Emil Brunner Dr Brunner is a teacher of theology in the University at Zurich Switzerland and one of the clearest and most constructive religious thinkers of our day Any book of his is an event because he succeeds so well in combining sound learning with persuasive and readable analysis and because he is thoroughly acquainted with both American and Continental ways of thinking In this book Dr Brunner sets the claim of the widespread intellectual relativism of contemporary culture He seeks to show that both Catholic and secular thought misunderstand the relations between reason and revelation because revelation is always subordinated to reason Brunner reverses the position He goes back to the Bible and the Reformers and maintains that when reason is subordinated to revelation the preaching of the Gospel is at once true to itself and intelligible Here is a forceful and thorough volume which helps both believers and unbelievers to understand themselves Publisher **The Doctrine of Revelation in Contemporary Theology** Robert D. Preus,1966

*Engaging the Doctrine of Revelation* MATTHEW. LEVERING,2021-06-15 **Theology of Revelation** Gabriel Moran,1966 Just as the Church s teaching on papal infallibility was balanced by the doctrine of episcopal collegiality so too the past overemphasis of theologians on the unquestioned objectivity and immutability of the deposit of faith has had to be balanced by an understanding of revelation as the ongoing communication of God to man Revelation is not some kind of static thing or a mere object it is rather what occurs in an encounter between persons and it therefore exists only as a personal reality Such is the thesis of this biblically rich and theologically penetrating study by the brilliant young theologian Gabriel Moran Influenced by modern personalist philosophies and sanctioned by the decree *De Revelatione* of the Second Vatican Council this book provides a welcome corrective to the onesided exaggerations of traditional manuals in which revelation was often seen as imply a compendium of truths It is his biblical perspective which allows the author to envision revelation as a personal communal and historical reality God reveals himself in the history of the Jewish people and finally in Christ who as the union of God and man is both God bestowing and man receiving revelation and because the risen Christ remains among his people revelation still continues Such a conception of revelation lets the Christian integrate the bible the liturgy and dogmatic formulations into a present and personal communication between God and man Moreover because of its emphasis on this communication as a continuing activity in the Church this conception of revelation gives new meaning and new direction to the work of the Church in the contemporary world Although Gabriel Moran s study is primarily a theological synthesis it is obvious that with such a scope and framework this is a book not only for theologians but for all those who must realize for themselves and explain to others the meaning of God s communion with man It is a book with profound doctrinal and pastoral implications Publisher **An Evangelical Spiritual Theology** Jamin Goggin,2025-11-21 What are the distinguishing markers of evangelical theology What does an evangelical account of spiritual theology look like In *An Evangelical Spiritual Theology* Goggin presents Donald Bloesch as a model of evangelical spiritual theology whose dogmatic project provides intriguing answers to these questions The doctrine of the Christian life definitively shapes Bloesch s

theological identity and work For Bloesch the Christian life is a materially distributed doctrine that is presupposed and pervasive throughout the whole of his theological system This emphasis on the Christian life establishes Bloesch's unique location as a spiritual theologian on the landscape of evangelical theology Goggin's monograph is the first exhaustive treatment of Bloesch's entire theological project Those interested in Bloesch's work will find it to be a rich resource to explore various dimensions of his dogmatic project The Doctrine of Revelation in African Christian Theology Anthony B.
