The Drowning Fish:

Drowning Fish Swati Chanda,2015-02-27 And what of those whose roots are planted deep in the soil of their land What does it take for them to thrive transplanted East Pakistan 1950 Nayantara flees riot ridden Narayanbari with her two daughters leaving behind her life as she knew it The only link to her past is the legacy she is determined to leave her granddaughter Neelanjana the precious pieces of teakwood furniture that oppress the rooms of her tiny flat in Calcutta where she arrives to take refuge Decades later Neelanjana leaves for the US in a bid to forge an independent life But she discovers as she is gradually bruised by alienation and heartbreak in a country far from her own that the burden of her family's history is one she cannot slough off easily that rejection and violence can stretch across geographies and generations and that home is simply the place where one finally learns to accept oneself Compelling and deeply affecting Drowning Fish is about lives trapped in the tumult of motivations and desires and forged inescapably by events beyond their control
