

Information on Disposal for Users of Waste Electrical & Electronic Equipment (private households)

The symbol on the products and/or accompanying documents means that used electrical and electronic products should not be mixed with general household waste. For proper treatment, recovery and recycling, please take these products to designated collection points, where they will be accepted on a free of charge basis. Alternatively, in some countries you may be able to return your products to your local retailer upon the purchase of an equivalent new product.

Disposing of the product correctly will help to save valuable resources and prevent any potential negative effects on human health and the environment which could otherwise arise from inappropriate waste handling. Please contact your local authority for further details of your nearest designated collection point. Penalties may be applicable for incorrect disposal of this waste, in accordance with national legislation.

For business users in the European Union

If you wish to dispose electrical and electronic equipment, please contact your dealer or supplier for further information.

Information on Disposal in other Countries outside the European Union

This symbol is only valid in the European Union.

If you wish to dispose this product, please contact your local authorities or dealer and ask for the correct method of disposal.

Internet, E-Commerce Investment and Business Guide - Strategic and Practical Information, Regulations, Opportunities IBP, Inc., 2018-01-15 Mexico Internet and E-Commerce Investment and Business Guide Strategic and Practical Information Regulations and Opportunities *Photographer's Guide to the Leica D-Lux 5* Alexander S. White, 2010-12-12 Photographer's Guide to the Leica D-Lux 5 is a follow-up to the author's earlier guides to the Leica D-Lux 4, Panasonic Lumix LX3 and Panasonic Lumix LX5 digital cameras. The new book, like the earlier ones, explains all operations, features, menus and controls of the camera in clear language, providing guidance not only about how to accomplish things with the camera but when and why to use certain features. The book does not assume any specialized knowledge by the reader but adopts a patient and helpful tone in explaining topics such as autofocus, manual focus, aperture priority, shutter priority, macro photography and RAW files. Besides providing guidance about all basic operations of the camera, the book includes introductions to advanced topics including astrophotography, infrared photography, street photography and creating 3D images. The book is illustrated with more than 150 color photographs and includes a full table of contents and index.
