**Girl's Book of Prayers** Maimah Karmo,Tania Koulakian,2018-09-30 Life is a prayer and how you express that prayer is an expression of your truth in all its beauty its divinity and its humanness The purpose of life is to express all that our souls desire within the time that we are here One of the ways we can stay true to that expression is through alignment with Higher Power and through communication with that all there is energy When we pray we are communicating our sacred truth from a spiritual place in all its raw beauty and strength      **Surrender** Bono,2022-11-01 A brilliant very funny very revealing autobiography through music Maybe the best book ever written about being a rockstar CAITLIN MORAN

Bono artist activist and the lead singer of Irish rock band U2 has written his autobiography honest and irreverent intimate and profound Surrender is the story of the remarkable life he's lived the challenges he's faced and the friends and family who have shaped and sustained him When I started to write this book I was hoping to draw in detail what I'd previously only sketched in songs The people places and possibilities in my life Surrender is a word freighted with meaning for me Growing up in Ireland in the seventies with my fists up musically speaking it was not a natural concept A word I only circled until I gathered my thoughts for the book I am still grappling with this most humbling of commands In the band in my marriage in my faith in my life as an activist Surrender is the story of one pilgrim's lack of progress With a fair amount of fun along the way Bono As one of the music world's most iconic artists and the cofounder of organizations ONE and RED Bono's career has been written about extensively But in Surrender Bono's autobiography he picks up the pen writing for the first time about his remarkable life and those he has shared it with In his unique voice Bono takes us from his early days growing up in Dublin including the sudden loss of his mother when he was 14 to U2's unlikely journey to become one of the world's most influential rock bands to his more than 20 years of activism dedicated to the fight against AIDS and extreme poverty Writing with candour self reflection and humour Bono opens the aperture on his life and the family friends and faith that have sustained challenged and shaped him Surrender's subtitle 40 Songs One Story is a nod to the book's 40 chapters which are each named after a U2 song Bono has also created 40 original drawings for Surrender which will appear throughout the book      **U2: Song by Song** Aaron J. Sams,2024-06-03 U2 formed in 1976 when the drummer posted a note to the school bulletin board Over forty years later the band is still producing music and touring the world with the same line up they have had ever since the 1970s U2 have become one of the most successful rock bands of all time releasing fourteen studio albums and over seventy singles In this book the reader is guided through each release song by song from the band's first album Boy 1980 until the single Your Song Saved My Life released in 2021 Everyone knows U2's biggest hits songs like With or Without You One and Beautiful Day but delve into all of the songs including B sides compilation tracks and lesser known album tracks U2 Song by Song is a look at every song by the Irish rock

group written by a lifelong U2 fan The book provides an examination of each track including the inspirations behind them and the impact that these songs have had on the world today U2 Song by Song charts U2 s rise to success documenting chart positions and awards given to each song

Myth, Fan Culture, and the Popular Appeal of Liminality in the Music of U2 Brian Johnston,Susan

Mackey-Kallis,2018-11-08 U2 s ongoing popular appeal is constructed in the spaces between band and fan commercialism and community spirituality and nihilism finding meaning in a surface oriented popular culture and contradiction in the depths of political and faith based institutions The band s long term success and continued relevance is a result of their ability to hold these energies in tension without one subsuming the other to live in the liminal space that such contradictions invite U2 s mythic trajectory was born from a bygone electronic era realized in our current digital era but with an eye on the forthcoming virtual era it is a new myth for the whole world found in the most unlikely of places popular culture This book approaches the band s mythic trajectory through a combination of rhetorical analysis and autoethnographic explorations that unveil the more personal experiences most of us have with media Drawing heavily upon the works of Marshal McLuhan Joseph Campbell Thomas S Frentz and Janice Hocker Rushing Myth Fan Culture and the Popular Appeal of Liminality in the Music of U2 unpacks U2 s popular appeal through the lenses of Agape spiritual communal love Amor romantic love and Eros erotic love Check out the book s official website for additional information <https://www.u2mythos.com>
