**Songs of Heaven** Charles Clark Pierce,2015-07-18 Excerpt from Songs of Heaven From Many Hearts My Dear Friend A new and overwhelming experience has been thrust upon you A loved one whose life was linked to your very soul by ties more sacred and wonderful than any human language or symbol can express and who walked with you in a sweet companionship which strengthened enriched and glorified all your existence has listened to the call of the silent messenger and passed from your sight leaving your heart more lonely and desolate than you had ever dared to think possible Those dear eyes into which you once looked now give no response to the eager questionings of your soul and the hand which once clasped yours in tenderest love now returns no answering pressure Some strong one who stood by your side a noble protector some gentle one whose sweetness and tender love illumined the whole world and made it beautiful some precious little one whose sweet baby fingers twined and wove themselves into the sacred inner cords of your heart in a way which you once thought impossible or it may be some aged one whose noble life of service has ever been a bulwark to the best that is within you is with you now no more as in the days gone by With whatever there is of the past which you think you would change were you to live it over again think how wonderfully precious will be its memory now for all the years to come Here you have a treasure of which nothing can ever rob you so long as your own life shall last My friend as one who has experienced and borne the burden of a great sorrow like this one which well nigh crushes you permit me to say this in loving sympathy with you in your bereavement Do not think of the loved one as dead There is no death Christ hath abolished death and brought life and immortality to light We change the house in which we live the clothes which we wear the country in which we reside but we remain the same save to go on to new and higher things in life and experience About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections
