Channing** William Ellery Channing,1899 **The Resounding Soul** Samuel Kimbriel,Eric Austin Lee,2016-09-29 It is surely not coincidental that the term soul should mean not only the centre of a creature s life and consciousness but also a thing or action characterised by intense vivacity that bike s got soul It also seems far from coincidental that the same contemporary academic discussions that have largely cast aside the language of soul in their quest to define the character of human mental life should themselves be so bloodless or so lacking in soul The Resounding Soul arises from the opposite premise that the task of understanding human nature is bound up with the more critical task of learning to be fully human The papers collected here are derived from a conference in Oxford sponsored by the Centre of Theology and Philosophy and explore the often surprising landscape that emerges when human consciousness is approached from this angle Drawing upon literary philosophical theological historical and musical modes of analysis these essays remind the reader of the power of the ancient language of soul over against contemporary impulses to reduce fragment and overly determine human selfhood Searching the Soul of Ally McBeal Elwood Watson,2006-07-06 Ally McBeal the popular Fox television series 1997 2002 was both groundbreaking and controversial With its challenging presentation of gender roles and gender politics the show provided fuel for an ever expanding international debate over feminism and the roles of women in modern society In 1998 Time Magazine ran a cover story featuring a photo of the Ally McBeal character alongside three of the feminist movement s most memorable figures The article was suggestively entitled Is Feminism Dead This collection of essays addresses that important question as it relates to the presentation of women s behaviors desires and images in Ally McBeal It considers the challenges that women s sexuality presents to feminism and looks at feminist thought regarding female professionalism and contemporary marriage Also discussed is the struggle for an understanding of masculinity in light of feminism s growing challenge to patriarchy Other topics include the series groundbreaking narrative structure its critique of society and the law in the early 21st century and its treatment of minority characters Contrary to the implications of Time Magazine s coverage this book argues that Ally McBeal is a positive feminist text from the perspective of post feminist theory **Form and Soul** Taachal,2021-07-11 FORM AND SOUL is a philosophical work that announces a great break with the past the reality of which is being felt by all of us who are the esteemed netizens of the emerging digital age civilization Leaving behind the machine age conceptions of ideas societies and civilizations this work tries to realize the ethos of a new civilization where artificial intelligence information technology and quantum mechanics have turned the ideas of human relations and collective existence upside down This new world of cyber campaigns and collective intelligence is on the verge of leaving behind the odds of cultural nationalism and liberal democracy to reach a new ideological platform where mankind can base its material and moral existence This work can be considered as

a great forward movement following Francis Fukuyama's *The End of History and the Last Man* and Samuel Huntington's *The Clash of Civilizations and the Remaking of World Order* to interpret the world where relations between various levels of human organizations are determined by a matrix of dynamic social flows. Defining this newly emerging global social matrix is the main theme of this work.
