The bread of life, a manual of instruction for the blessed sacrament [signed A.D.C.]. Augustine David Crake, 1885     *Information Systems, Management, Organization and Control* Daniela Baglieri, Concetta Metallo, Cecilia Rossignoli, Mario Pezzillo Iacono, 2014-07-15

This book explores the diversity of topics, views and perspectives focused on the relationship between information systems, organizations and managerial control. It brings together theories and practices by a diverse group of scholars working in different disciplines: organization management, accounting, information systems development, human-computer interaction. The volume is divided into three sections, each one focusing on a specific theme: organizational change, innovation and information and communication technologies, organizational control, accounting and information systems, information knowledge and project management practices. The book is based on a selection of the best research papers, original, double-blind peer-reviewed contributions of the annual conference of the Italian chapter of AIS held in Milan, Italy, in December 2013.
