suddenly materialized practically out of thin air from both sides of the Appalachian Mountains on its own and without authorization from the Continental Congress or Continental officers To defend their farms and families and the land they loved on October 7 1780 this ad hoc force of Backcountry volunteers from remote settlements across the frontier suddenly descended upon a well trained and well equipped force of more than one thousand Royal Provincial and Loyalist troops who defiantly made their last stand on the summit of Kings Mountain after having been caught by surprise During one of the hardest fought and bloodiest battles of the American Revolution this one sided the entire enemy force the vital left wing of Lord Charles Cornwallis Army was killed wounded and captured patriot victory at Kings Mountain was a major turning point of not only the war in the South but also of the American Revolution Ironically no battle of the American Revolution more forcefully demonstrated the lethal effectiveness of Southern militia and the future surreal horrors of America s first civil war This decisive battle in northwest South Carolina was fought between fellow Americans including not only neighbors but also relatives even fathers and sons nearly three quarters of a century before the Battles of First Manassas Antietam and Gettysburg when young Americans once again slaughtered each other for what they believed was right When it appeared at the time that the war in South Carolina had been lost to the British the patriots of Kings Mountain rose splendidly to the challenge to win an amazing success that best personified the essence and spirit of the revolution which the victors kept alive during one of the darkest periods of the American Revolution Most importantly the dramatic patriot victory at Kings Mountain on October 7 1781 helped to set the stage and pave the way for the surrender of Cornwallis Army at Yorktown only a year later which was an event that all but ended the war and ensured the independence of a new nation
