## **Garden Construction:**

*Water Garden Construction: A Technical Guide for Designers* Martin Kelley,2015-08-03 The purpose of this book is to aid garden designers their clients and contractors in their choice of water garden By describing some of the commonly followed construction processes and explaining many of the practical design considerations this book will help readers to avoid many problems and disappointments while their garden or landscape project is still in the design stage The technical design of both formal and informal water gardens is described and construction techniques that will be cost effective yet durable are considered The other fundamentals of water level control and maintaining water clarity both chemically and biologically are also examined Several case studies are included that show the design and construction process of individual water garden projects and explain the reasoning behind the designs the negotiations involved and ultimate conclusions together with schedules of works and budget costs Salient points There is no other book on this subject aimed specifically at garden designers and landscape contractors Important case studies and costings featured Formal small Before during Detailed plans and line drawings amplify the text Detailed consideration of pond or lake lining materials covered Author is expert with own company making water gardens since 1982

Gardens of the Roman Empire Wilhelmina F. Jashemski,Kathryn L. Gleason,Kim J. Hartswick,Amina-Aïcha Malek,2017-12-28 In Gardens of the Roman Empire the pioneering archaeologist Wilhelmina F Jashemski sets out to examine the role of ancient Roman gardens in daily life throughout the empire This study therefore includes for the first time archaeological literary and artistic evidence about ancient Roman gardens across the entire Roman Empire from Britain to Arabia Through well illustrated essays by leading scholars in the field various types of gardens are examined from how Romans actually created their gardens to the experience of gardens as revealed in literature and art Demonstrating the central role and value of gardens in Roman civilization Jashemski and a distinguished international team of contributors have created a landmark reference work that will serve as the foundation for future scholarship on this topic An accompanying digital catalogue will be made available at [www.gardensoftheromanempire.org](http://www.gardensoftheromanempire.org)
