## **The New Testament The Christian And The State Mennonite Reprint Series:**

**Religious Anarchism** Alexandre J. M. E. Christoyannopoulos, 2009-10-02 Both religion and anarchism have been increasingly politically active of late. This edited volume presents twelve chapters of fresh scholarship on diverse facets of the area where they meet: religious anarchism. The book is structured along three themes: early Christian anarchist pioneers including Pelagius, Coppe, Hungarian Nazarenes and Dutch Christian anarchists; Christian anarchist reflections on specific topics such as Kierkegaardian indifference, Romans 13, Dalit religious practice and resistance to race and nation; religious anarchism in other traditions ranging from Wu Nengzi's Daoism and Rexroth's Zen Buddhism to various currents of Islam including an original Anarca Islamic clinic. This unique book therefore furthers scholarship on anarchism on millenarian and revolutionary thinkers and movements and on religion and politics. It is also of value to members of the wider public interested in radical politics and in the political implications of religion. And of course it is relevant to those interested in any of the specific themes and thinkers focused on within individual chapters. In short this book presents a range of innovative perspectives on a web of topics that while held together by the common thread of religious anarchism also speaks to numerous broader themes which have been increasingly prominent in the twenty first century.

*Tolstoy's Political Thought*

Alexandre Christoyannopoulos, 2019-08-29 Leo Tolstoy (1828-1910) besides writing famous novels such as *War and Peace* also wrote on political issues especially later in his life putting forward a political philosophy which might be termed Christian anarchism. This book provides a comprehensive overview of Tolstoy's political thought. It outlines in a systematic way Tolstoy's thought which was originally articulated unsystematically in diverse often informal writing such as pamphlets, letters and speeches as well as books and in his novels where Tolstoy's thinking is put forward implicitly through the novels' characters. The book sets out the basic themes of Tolstoy's political thought: his acceptance of the teachings of Jesus, his criticism of the way in which Jesus' teachings have been relayed by the church through traditional creeds and dogma, his passionate rejection of political violence by both the state and those working for reform, his plea for a nonviolent response to violence and injustice and his call for society to forego its institutional shackles and enact a community of peace, love and justice. The book also includes background information on the Russia of Tolstoy's time including the religious context and a discussion of how Tolstoy's political thought has been received by his admirers who included Gandhi and his critics.

**Children's Books in**

**Print, 2007**, 2006 **Christ, Power and Mammon** Scott Thomas Prather, 2013-08-15 This book examines the role of the New Testament concept of the principalities and powers in the thought of Karl Barth and John Howard Yoder showing how this biblical concept of power is central to the fundamental theological convictions of each thinker. Prather offers a scholarly account of the underexplored theological and ethical import of a major biblical theme and the book addresses questions and concerns from a wide range of academic and lay theological interest. He brings Barth and Yoder into dialogue here and examines the three crucial areas: the confessional distinction of church and world, the demonization of political power and the

intrinsic relation between the political and economic powers While other theologians have rightly identified a christocentric connection between the thought of Barth and Yoder no attempt has been made to bring them together through the sustained analysis of a single doctrinal or ethical issue this book does just that **John Howard Yoder** Earl Zimmerman,Zachary J. Walton,Gerald J. Mast,Ted Grimsrud,2014-11-11 This book argues that for John Howard Yoder both theology in particular Christology and ethics are expressions of the meaning of the narrative of Jesus All such statements are relative to a particular context which means that theology and ethics are always subject to reaching back to the narrative in order to restate the meaning in new and ever changing contexts This methodology is visible in Yoder s Preface to Theology which has been little used in most treatments of Yoder s thought Yoder has been characterized as standing on Nicene orthodoxy criticized for rejecting Nicene orthodoxy called heterodox and designated a postmodern thinker to be interpreted in terms of other such thinkers None of these characterizations adequately locates the basis of his methodology in the narrative of Jesus Thus John Howard Yoder Radical Theologian aims to go beyond or to supersede existing treatments with its demonstration that Yoder is a radical theologian in the historical meaning of radical that is as one who returns to the root For Christian faith this root is Jesus Christ Parts II and III of the book explore the sources of Yoder s approach and its application in several contemporary contexts *A Series Catalog* Richard Abel & Company,1973 *The New Testament, the Christian and the State* Archie Penner,2000-03-01

*Beyond Cutting Edge?* Paul C. Heidebrecht,2014-03-10 A quick scan of any newsstand is enough to confirm the widespread preoccupation with technological change As a myriad of articles and advertisements demonstrate not only are we preoccupied with technology but we are bombarded with numerous reminders that the cutting edge is in constant motion Most often the underlying assumption of Christians is that we have no choice but to find ways to cope with the latest and greatest Indeed it is often assumed that the church has no choice but to find ways to cope with its new technological context This book does not make the same assumptions Building on the work of Mennonite theologian John Howard Yoder it argues that the practices of the church make it possible for Christians to conscientiously engage technology This happens when we recognize that marks of the church such as patience vulnerability and servanthood can put technological ideals such as speed control and efficiency in their proper place In the course of grappling with three examples of morally formative technologies automobiles genetically modified food and the Internet this book goes beyond Yoder s thought by emphasizing that the church also plays a crucial role in our moral formation

**The Mennonite** ,1929

**Books in Series** ,1985 Vols for 1980 issued in three parts Series Authors and Titles *Church-state Relations* Albert J. Menendez,1976 *National Union Catalog* ,1982 Includes entries for maps and atlases **Biblical Eschatology** Jeong Koo Jeon,2021-10-01 Jeon s Biblical Eschatology explores the pattern of covenant eschatology demonstrated and revealed in the Bible throughout redemptive history In a sense it is a revolutionary method to freshly examine and look at the entire redemptive history from the perspective of covenant eschatology because the Bible itself is the covenantal canon Readers will

marvel at how the author unpacks the pictorial pattern of covenant eschatology progressively revealed in the Bible As we live in the Global Mission Age under the grace of God it is vitally important and necessary to have a proper view of eschatology Jeon's book will guide believers to a biblically balanced understanding of eschatology and properly equip them with a biblical covenantal and eschatological worldview to live their lives for the glory of God actively participating in the Global Mission under the guidance of the Holy Spirit as we eagerly wait for the second coming of Jesus Christ *Religious Books*
