The entries provide readers with expert analysis of current topics related to the intensifying debate about the American police state, examine the scope of law enforcement issues that have existed for centuries, and explain why they continue to exist, and cover new mandates for exercising police power, enabling readers to critically analyze what is presented to them in the media. Included throughout the book are excerpts from important laws, speeches, reports, and studies pertaining to the subject of the use and abuse of police power in the United States.
