## **The Nine Waxed Faces:**

**The Nine Waxed Faces** Francis Beeding,1969    [The Nine Waxed Faces](#) ,1938    [The Nine Waxed Faces](#) Francis Beeding (pseud.)1936    *The Special Branch* LeRoy Panek,1981 The author has chosen seventeen of the most important or representative British spy novelists to write about He presents some basic literary analysis and criticism trying both to place them in historical perspective and to describe and analyze the content and form of their fiction    *Living Pictures, Missing Persons* Mark B. Sandberg,2021-10-12 In the late nineteenth century Scandinavian urban dwellers developed a passion for a new utterly modern sort of visual spectacle objects and effigies brought to life in astonishingly detailed realistic scenes The period 1880 1910 was the popular high point of mannequin display in Europe Living Pictures Missing Persons explores this phenomenon as it unfolded with the rise of wax museums and folk museums in the largest cities of Denmark Sweden and Norway Mark Sandberg asks Why did modernity generate a cultural fascination with the idea of effigy He shows that the idea of effigy is also a portal to understanding other aspects of visual entertainment in that period including the widespread interest in illusionistic scenes and tableaux in the portability of sights spaces and entire milieus Sandberg investigates this transformation of visual culture outside the usual test cases of the largest European metropolises He argues that

Scandinavian spectators desired an unusual degree of authenticity a cultural preference for naturalism that made its way beyond theater to popular forms of museum display The Scandinavian wax museums and folk ethnographic displays of the era helped pre cinematic spectators work out the social implications of both voyeuristic and immersive display techniques This careful study thus anticipates some of the central paradoxes of twentieth century visual culture but in a time when the mannequin and the physical relic reigned supreme and in a place where the contrast between tradition and modernity was a high stakes game

**Waxing Gibbous** Christopher D. Roe,2015-12-09 We all have a powerful connection that exists just beyond in the hereafter Often it is the soul of a loved one who has passed on and looks over those who are lucky enough to have a guardian angel But a few of us are not so lucky for in the void lurk malevolent entities in search of human prey One such demon has its sights set on ten year old Alice Bennett Its mission is to drain the child of her faith in God along with any and all hope for survival and it must accomplish this before the waxing gibbous phase of the moon ensues As its time is short it devises a plan in which it will tell her three frightening true stories Will these nightmarish stories be enough to break down Alice s defenses leaving her open to eternal demonic possession Or does the pure innocence of a child reserve a clandestine defense greater than the awesome power of a malevolent eternal entity
